4 of the statutes; **relating to:** absentee balloting by certain military electors.

Analysis by the Legislative Reference Bureau

Currently, for the absentee ballot of any elector to be counted, the ballot must be received at the polling place serving the elector's residence no later than the closing hour.

This bill provides that the absentee ballots of certain electors defined as "military electors" under the bill shall be counted at the September primary and general (November) election if the ballots are received by mail bearing a postmark dated on or before election day and the ballots are received by the municipal clerk or board of election commissioners of the municipality where the elector resides no later than seven days after the September primary or no later than ten days after the general election. The bill provides that if a postmark is missing or illegible, and the ballot is received by mail, the ballot is presumed to be received by election day, unless established by a preponderance of the evidence to the contrary. Under the bill, a "military elector" is any individual who, as of election day, is: 1) a member of a uniformed service on active duty and who, by reason of that duty, is absent from his or her residence; 2) a member of the merchant marine and who, by reason of service in the merchant marine, is absent from his or her residence; or 3) the spouse or

BILL

dependent of any such member and who, by reason of service of the member, is absent from his or her residence.

Because the pendency of late ballots could result in changes to original election returns, the bill directs each municipal clerk and board of election commissioners to post at the clerk's or board's office and on the Internet, and to make available to any person upon request, a statement of the number of ballots of military electors to whom absentee ballots have been sent but whose ballots have not been returned as of election night. Under the bill, upon receiving a late absentee ballot that is eligible to be counted, a municipal clerk or board of election commissioners notifies the board or boards of canvassers that canvassed the original returns, which must then reconvene, canvass the late ballots, and issue amended returns. The bill slightly adjusts canvassing deadlines to accommodate the revised canvassing process, but does not adjust the deadline for mailing or transmittal of absentee ballots for the general election (which may be affected by any delay in finalizing the September primary canvass). The bill does not adjust the deadline for filing a petition for recount. However, the bill provides that a pending recount shall not proceed until immediately after the original canvass, reflecting any amended returns, is complete.

Currently, the deadline for application for an absentee ballot to be received by mail is 5 p.m. on the Friday before election day. The bill advances the deadline at the September primary and general election, for military electors only, to 5 p.m. on election day.

Currently, electors who wish to vote by absentee ballot must request a ballot for each election individually, except that a military elector or an overseas elector (U.S. citizen residing outside the United States) may request to receive an absentee ballot for the next two general elections at the same time. In addition, an elector who is indefinitely confined may request to receive absentee ballots automatically for every election and may continue to receive those ballots as long as they are cast or the elector renews his or her request. With certain exceptions, this bill directs each municipal clerk or board of election commissioners who receives an absentee ballot request from a military elector to send the elector absentee ballots for the next three general elections and all other elections beginning with the date of the request and ending with the third successive general election following receipt of the request regardless of whether the ballots are cast, unless the elector otherwise requests. With certain exceptions, if the elector casts an absentee ballot, the elector continues to receive absentee ballots for all elections until after the third successive general election following the last election at which the elector cast a ballot.

For further information see the *local* fiscal estimate, which will be printed as an appendix to this bill.

~~SECTION 2. 6.22 (5) of the statutes is amended to read:~~

~~6.22 (5) VOTING PROCEDURE. Except as provided in s. 6.221 and as authorized in s. 6.25, the ballot shall be marked and returned, deposited and recorded in the same manner as other absentee ballots. In addition, the certification under s. 6.87 (2) shall have a statement of the elector's birth date. Failure to return any unused ballots in a primary election does not invalidate the ballot on which the elector casts his or her votes.~~

~~SECTION 3. 6.22 (6) of the statutes is amended to read:~~

6.22 (6) MILITARY ELECTOR LIST. Each municipal clerk shall keep an up-to-date list of all eligible local military electors who reside in the municipality; city clerks shall keep the lists by wards. The list shall contain the name, latest-known military residence and military mailing address of each military elector. The list shall indicate whether each elector whose name appears on the list is a military elector, as defined in s. 6.36 (2) (c), and has so certified under s. 6.865 (3m). All persons over 18 years of age or who will be 18 years old prior to an election shall be listed and remain on the list for the duration of their tour of duty. The list shall be kept current through all possible means. Each clerk shall exercise reasonable care to avoid duplication of names or listing anyone who is not eligible to vote. Each clerk shall distribute 2 copies of the list to the appropriate ward in the municipality for use on election day.

9 section if it is received by a municipal clerk no later than 5 p.m. on the 7th day after
10 the election.

11 (b) At the general election, a ballot that is cast under s. 6.22 by an elector who

20 before election day, unless established by a preponderance of the evidence to the
21 contrary.

22 (5) No later than the closing hour of the polls on the day of the September
23 primary and the day of the general election, the municipal clerk of each municipality
24 shall post at his or her office and on the Internet at a site announced by the clerk

2 to military electors under this section and that have not been returned to the polling
3 places where the electors reside by the closing hour on election day. The posting shall
4 not include the names or addresses of any military electors.

5 (6) (a) Whenever the municipal clerk of any municipality receives an absentee
6 ballot cast by an elector who is a military elector under this section and the ballot is
7 not received in sufficient time for delivery to the polling place serving the residence
8 of the elector on election day but is received within the time specified in sub. (3), the
9 clerk shall promptly provide written notice to the board of canvassers of each
10 municipality, special purpose district, and county that is responsible for canvassing
11 the election of the number of such ballots that have been cast received by the clerk
12 in each ward or election district.

13 (b) Whenever a board of canvassers receives notification from a municipal clerk
14 under par. (a), the board of canvassers shall reconvene no later than 9 a.m. on the
15 day after the last day permitted for acceptance of absentee ballots under sub. (3) and
16 shall proceed to open and record the names of the military electors whose ballots
17 have been received. If the ballot cast by a military elector is otherwise valid, the
18 board of canvassers shall count the ballot and adjust the statements, certifications,
19 and determinations accordingly. If the municipal clerk transmits returns of the
20 election to the county clerk, the municipal clerk shall transmit to the county clerk
21 a copy of the amended returns together with all additional ballots and envelopes
