Assumptions Used in Arriving at Fiscal Estimate

If enacted this bill would cover a very broad range of activities and thus potentially create a significant increase in the caseload of District Attorneys' Offices. There are no data by which to estimate the actual number of new cases that would be presented by law enforcement but the potential for a large number is high.

Long-Range Fiscal Implications

If enacted, the actual impact of this bill on the workload of DA offices should be closely monitored so as to determine if additional prosecutorial resources are needed.
