Allow counties to participate in municipal revenue sharing										

Assumptions Used in Arriving at Fiscal Estimate

The bill changes the word in 66.0305 on revenue sharing from "municipality" to "political subdivision" so that the section as amended would includes counties which are now precluded from municipal revenue sharing agreements.

There is no data to speculate how many counties might choose enter into such agreements or what the financial terms of such agreements may be.

Long-Range Fiscal Implications

Unknown.
