| <b>Subject</b><br>Salary ranges and other compensation for UW system senior executive positions |                                   |                               |

**Assumptions Used in Arriving at Fiscal Estimate**

This legislation provides that before adjusting any UW senior executive group salary range or establishing/adjusting various allowances, compensation or benefits, the Board of Regents must hold at least one public meeting on the issue to permit for public comment. It is our assumption that this public meeting would occur during a regularly scheduled Board of Regents meeting. In that event, there would be no additional costs involved.

However, if compliance with this legislation required additional full meetings of the Board of Regents, there would be additional costs involved.

**Long-Range Fiscal Implications**
