

Fiscal Estimate Narratives

DOA 2/8/2005

LRB Number 05-0240/1	Introduction Number AB-72	Estimate Type Original
Subject Labeling of biodiesel fuel		

Assumptions Used in Arriving at Fiscal Estimate

If enacted, this bill would modify the definition of biodiesel fuel to conform to national standards. Currently biodiesel is identified in state statute as a derivative of soybean oil. The proposed statutory change would expand this definition to include other vegetable oils or animal fats. This provision has no fiscal effect on state agency fuel purchases.
