Assumptions Used in Arriving at Fiscal Estimate

This bill incorporates the recommendations made by the Avery Task Force, including changes relating to recording of custodial interrogations, retention of evidence containing DNA, testing of DNA evidence, the statutory time limits for prosecuting certain felony sexual assaults and eyewitness identification procedures. The bill establishes a grant program administered by the Office of Justice Assistance for the funding of the purchase, installation or maintenance of digital recording equipment by law enforcement agencies. It funds the grant program by a 1% increase in the penalty surcharge.

This bill would allow some prosecutions to be brought that would be barred under current law. Additional court proceedings could be generated under the terms of this bill, but it is impossible to predict how frequently that may happen. It is expected that existing court staff would absorb any additional proceedings.

In addition, the bill adds requirements for retention of evidence containing DNA. It is expected existing court staff would absorb any additional requirements for retention of that evidence.

This bill increases the penalty surcharge from its current 25% to 26% of the amount of fines or forfeitures assessed by a court. Both the circuit courts and municipal courts assess the penalty surcharge.

From July, 2004 through June, 2005 the circuit courts collected \$11,660,006.76 in penalty surcharges. Municipal courts submit penalty surcharge revenues directly to the Department of Administration (DOA). According to data from DOA, during the same period, municipal courts collected and submitted \$6,567,024.24 in penalty surcharge revenues. Using these figures, the total of penalty surcharge revenues collected during the fiscal year ending June 2005 is \$18,277,031.00. These collections were based on a penalty surcharge of 24% of the amount of fines or forfeitures assessed by a court.

In the most recent budget, 2005 Wisconsin Act 25, the penalty surcharge was increased from 24% to 25%. As part of the budget process, the Legislative Fiscal Bureau (LFB) estimated the fiscal impact of the one percent increase in the penalty surcharge. In Paper #465, dated May 23, 2005, the LFB estimated the increase from 24% to 25% would result in collections of \$19,272,500 in the 2005-06 fiscal year.

Based on this data, we estimate the increase in the penalty surcharge from 25% to 26% would result in additional revenues of approximately \$761,500 during the first full year in which it is assessed.

Long-Range Fiscal Implications
