

Fiscal Estimate Narratives

DOT 12/5/2005

LRB Number 05-3705/1	Introduction Number SB-418	Estimate Type Original
Description The erection of outdoor advertising signs in areas zoned for commercial or industrial activity		

Assumptions Used in Arriving at Fiscal Estimate

1. Assume that FHWA rules allowing this sign means that Wisconsin will not have effective control of signs.
2. Assume that FHWA rules Wisconsin will lose 10% of federal highways aid if this legislation is adopted. This is approximately \$60 million in lost aid.
3. Assume since the bill contains language, "Allowing the sign will not result in reduction of federal highway aid to the state," no sign will be allowed so the state will not lose any federal highway aid.

Long-Range Fiscal Implications

Wisconsin will not lose 10% of federal highways aid each year since no sign that would cause the state to lose federal highway aid will be allowed. There may be some costs due to staff dealing with contradictory statutory provisions and impacts on other sign regulation.
