

Fiscal Estimate Narratives

DWD 11/14/2005

LRB Number	05-3750/1	Introduction Number	SB-423	Estimate Type	Original
Description Prohibiting a person responsible for a child's welfare while the child is being transported in a child care vehicle from leaving the child unattended and providing penalties					

Assumptions Used in Arriving at Fiscal Estimate

- * SB 423 does not require DWD to make any changes to its current child care provider processes nor the development of any administrative rules. Thus, there are no estimated cost.
- * Found cases typically involve a situation where there is harm to a child from being left in the vehicle used to transport children to and from child care.
- * There is no basis for determining the number of found cases annually of children being left unattended in a vehicle although newspaper reports would indicate that they are very few in number annually.
- * Counties would be required to consider submitting such found cases for prosecution.
- * There is no basis for estimating the county child care certifying agency cost of referring a case for prosecution and providing documentation to the prosecuting agency of the vehicle driver being in violation of this bill.

Long-Range Fiscal Implications
