<b>Subject</b> Change the definition of "industrial development project" under the Industrial Development Law		

**Assumptions Used in Arriving at Fiscal Estimate**

This bill expands the definition of industrial development project to include commercial, retail, agribusiness or service enterprises. Local units of government are likely to be able to absorb the additional costs generated by this bill.

The bill will add an indeterminate one-time cost to county governments as it will require an update to all program literature and materials to reflect changes to current law. As this law applies to agencies created by county board action as separate and distinct public instrumentalities, it is unlikely that this bill will impose any long term financial burdens on local government.

**Long-Range Fiscal Implications**
