4 contract for the establishment of a charter school.

Analysis by the Legislative Reference Bureau

Under current law, school boards may enter into contracts with individuals, groups, businesses, or governmental bodies to establish charter schools, which operate with fewer constraints than traditional public schools. Current law also permits the University of Wisconsin–Milwaukee, the University of Wisconsin–Parkside, the Milwaukee Area Technical College, and the city of Milwaukee to operate charter schools (independent charter schools) directly or to contract for the operation of charter schools. Only pupils who reside in the school district in which an independent charter school is located may attend the charter school.

This bill allows the president of the University of Wisconsin System to operate or to contract for the operation of a charter school with the approval of the Board of Regents. The charter school must be located in Dane County and may accept any pupil who resides in Dane County. The school may accommodate up to 700 pupils in its first school year (which may be no sooner than 2007–08), and up to 1,400 pupils thereafter.
For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
