MEMORANDUM

TO: Honorable Members of the Senate Committee on Veterans, Homeland Security, and Military Affairs, Small Business and Government Reform

FROM: Matthew Stohr, Legislative Associate *MS*

DATE: August 3, 2005

SUBJECT: Support for 2005 Assembly Bill 116 and 2005 Senate Bill 91

The Wisconsin Counties Association (WCA) supports Assembly Bill 116 (AB 116) and its companion bill Senate Bill 91, which change the definition of industrial development projects under the Industrial Development Law.

AB 116 amends state statute to expand the abilities of county industrial development agencies. AB 116 provides county industrial development agencies more flexibility in regard to industrial development projects, such as county industrial parks. This expanded ability and flexibility will assist counties with their efforts to increase their tax base, which can be a very challenging task during difficult economic times.

Each year the Wisconsin economy becomes more service oriented. Therefore, a majority of job growth has taken place in the service industry. By expanding the definition of industrial development projects to include commercial, retail or service enterprises, AB 116 allows county industrial development agencies to adapt to rapidly changing trends in regional, state and national economies.
