Joe:

I am home sick today and otherwise wouldn't make this request.

The amendment that you drafted for AB 770, could you also draft the same amendment for the assembly companion to SB 74? I apologize, but I can't recall our office's assembly companion bill number to SB 74 and for some reason, I can't log-on to the legislative website.

I hope that makes sense.

Again, I apologize for the strange drafting request and apologize for the lateness of this request.

Please e-mail me with any questions.

Thanks!

Dan,

I can add "silviculture" to the appropriate places in the bill. Please note, that under current law, "silviculture", as used for sales and use tax exemptions under ch. 77, is not a defined term. I believe that at the time those exemptions were adopted we believed that the dictionary definition of "silviculture" was sufficient. Do you still want me to use the definition below?

Joe:

Per my voicemail message, following is the definition that we would like drafted as an amendment to AB 770.

At this time, I believe it will be introduced as a committee amendment.

Let me know if you have any questions.

Thanks.
