Dan,

I can add "silviculture" to the appropriate places in the bill. Please note, that under current law, "silviculture" , as used for sales and use tax exemptions under ch. 77, is not a defined term. I believe that at the time those exemptions were adopted we believed that the dictionary definition of "silviculture" was sufficient. Do you still want me to use the definition below?

Joe:

Per my voicemail message, following is the definition that we would like drafted as an amendment to AB 770.
At this time, I believe it will be introduced as a committee amendment.

Let me know if you have any questions.

Thanks.
