Hi Glenn:

Will do! For simplicity's sake, should I begin the moratorium on July 1 of this year?

Rick -

Mark would like a bill request that deals with the Badger Rx Gold Prescription Drug Program (the program is housed under ETF, so I thought I'd start with you ... please let me know if I should be working with a different drafter).

What Mark would like to work on is the current enrollment fee:

<http://www.badgerrxgold.com/badgerrxgold/common+questions/default.asp>

Currently, members pay an annual enrollment fee of \$25 per person (\$20 if enrolling online) or \$75 per family of four or more (\$70 if enrolling online). What Mark would like to do is create a 2 year moratorium where the enrollment fee is waived and the state picks up the tab with GPR funds.

Any questions, please call email or call me at 266-8570. Thanks,

Glenn Wavrunek

2007 BILL

LPS - please check auto refs

✓ - gen. cat.

1 AN ACT ...; relating to: payment of annual enrollment fees for participation in  
2 drug prescription benefit program administered by the Group Insurance Board  
3 and making an appropriation.

*Analysis by the Legislative Reference Bureau*

\* The Group Insurance Board (board) currently administers a drug prescription benefit program for the state and for any employer or person in this state who satisfies conditions for participation in the program. This program is called the BadgerRX Gold Program. For families and individuals, there is currently an annual enrollment fee to participate in the program. This bill prohibits the imposition of this fee during the remainder of 2008 and for all of 2009 and 2010. Instead, the state must pay the board, from general purpose revenues, an amount that the board would otherwise have received from these annual enrollment fees.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*

4 SECTION 1. 20.515 (1) (bd) of the statutes is created to read:
