Subject: Breske draft request - Senate version of 07 AB49 (LRB 0118)

Hi Becky:

Roger would like to have an identical draft done of 2007 AB49 for Senate introduction.

Let me know if there's anything you need from me.

Thanks in advance,
Beth

Beth Piliouras

Senator Roger Breske

608-266-2509

2007 ASSEMBLY BILL 49

January 30, 2007 - Introduced by Representatives FRISKE, GRONEMUS, MEYER, VOS, MURSAU, LOTHIAN, PETROWSKI, HAHN, LEMAHIEU, MUSSER, ALBERS, KAUFERT, NASS and F. LASEE, cosponsored by Senators BRESKE, SCHULTZ and GROTHMAN. Referred to Committee on Natural Resources.

No changes

- 1 AN ACT *to amend* 23.24 (3) (c); and *to create* 23.24 (1) (jg) of the statutes;
- 2 **relating to:** fees charged to qualified lake associations for certain permits to
- 3 control aquatic plants.

Analysis by the Legislative Reference Bureau

Under current law, an aquatic plant management permit issued by the Department of Natural Resources (DNR) is required to remove or destroy any type of aquatic plants in a body of water. Under the permitting program, certain aquatic plants are designated as invasive. These include purple loosestrife and eurasian water milfoil. Under current law, DNR establishes by rule fees for aquatic plant management permits. Currently, DNR has created a nonrefundable permit fee and a permit fee based on the size of the area to be treated as measured in acres (acreage permit fee).

This bill exempts a qualified lake association from having to pay the acreage permit fee for a lake if the purpose of the permit is limited to removing or destroying invasive aquatic plants. A qualified lake association is one that meets certain requirements, including being established for the purpose of improving or protecting a lake for the benefit of the general public and agreeing to certain limits on restricting membership.

Barman, Mike
