would raise approximately \$5.75 million annually. The result is an increase in revenue of approximately \$2.25 million annually.

1 SECTION 2. 23.33 (2) (d) of the statutes is amended to read:

2 23.33 (2) (d) *Registration; private use; fee.* An all-terrain vehicle used exclusively for
3 agricultural purposes or used exclusively on private property may be registered for private use.

4 The fee for the issuance of a registration certificate for private use is ~~\$15~~ \$25.

NOTE: This provision increases the fee for issuance or renewal of a registration certificate for private use of an ATV from \$15 to \$25. The private registration is valid from initial purchase of the registration to the time that ownership is transferred.

The DNR estimates that approximately 5,000 ATVs are registered for private use each year. The current fee of \$15 raises about \$75,000 annually. Assuming a continued 5,000 private registrations each year, the increased fee, at \$25, would raise approximately \$125,000 per year. The result is a revenue increase of approximately \$50,000 annually.

5 SECTION 3. 23.33 (2) (dm) 2. of the statutes is amended to read:

6 23.33 (2) (dm) 2. The fee for the issuance or renewal of a commercial all-terrain vehicle
7 certificate is ~~\$90~~ \$100. Upon receipt of the application form required by the department and
8 the fee required under this subdivision, the department shall issue to the applicant a
9 commercial all-terrain vehicle certificate and 3 reflectorized plates. The fee for additional
10 reflectorized plates is ~~\$30~~ \$40 per plate.

NOTE: This provision increases the fee for issuance or renewal of a certificate for commercial use of an ATV from \$90 to \$100. The commercial certificate is valid for 2 years.

Based on DNR estimates that approximately 650 ATVs are registered for commercial use annually, the fee currently raises about \$60,000 annually. Assuming the same 650 annual registrations in the future, under this provision of the bill, the new fee would raise approximately \$65,000 annually. This results in a revenue increase of about \$5,000 annually.

The current fee of \$30 per reflectorized plate is increased to \$40 per plate for each additional plate that is issued beyond the 3 plates that are issued with the commercial certificate. The DNR estimates of

approximately 100 additional plates sold per year result in revenue of approximately \$3,000 annually under current law and approximately \$4,000 annually under the new provisions. The increase results in an approximate increase of \$1,000 annually. The fee for additional plates is also increased under this provision.

1 **SECTION 4.** 23.33 (2j) (c) of the statutes is renumbered 23.33 (2j) (c) 1. and amended
2 to read:

3 23.33 **(2j)** (c) 1. The fee for a an annual nonresident trail pass issued for an all-terrain
4 vehicle that is exempt from registration under sub. (2) (b) 2. is ~~\$17.25~~ \$44.25. A An annual
5 nonresident trail pass issued for such an all-terrain vehicle may be issued only by the
6 department and persons appointed by the department and expires on June 30 of each year.

7 **SECTION 5.** 23.33 (2j) (c) 2. of the statutes is created to read:

8 23.33 **(2j)** (c) 2. The fee for a 7-day nonresident trail pass issued for an all-terrain
9 vehicle that is exempt from registration under sub. (2) (b) 2. is \$17.25. A 7-day nonresident
10 trail pass issued for such an all-terrain vehicle may be issued only by the department and
11 persons appointed by the department and expires seven days after issuance.

NOTE: These provisions increase the annual fee for a nonresident all-terrain vehicle (ATV) trail pass to \$44.25 and establish a 7-day nonresident trail pass for a fee of \$17.25. The current statute requires the department of natural resources to collect an issuing fee of \$0.75 for issuing a nonresident ATV trail pass.

This provision will increase the amount of the total fee for each annual and 7-day nonresident trail pass to \$45 and \$18, respectively. Based on current nonresident ATV trail pass sales estimates of 12,500 annually, the current fee raises approximately \$215,000 annually. Assuming, under the new fees, that 80% of the nonresidential ATV trail users will purchase a weekly pass and the remaining 20% of nonresident ATV trail users will purchase an annual pass, the weekly pass will raise approximately \$250,000 annually and the annual pass approximately \$63,000 annually. This results in total annual revenue of approximately \$313,000, an increase of approximately \$98,000 annually.

3 **relating to:** fees for registration of all-terrain vehicles for public and private
4 use, fees for commercial all-terrain vehicle certificates, and fees for
5 nonresident all-terrain vehicle trail passes.

Analysis by the Legislative Reference Bureau

~~This is a preliminary draft. An analysis will be provided in a later version.~~

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This bill draft was prepared for the Joint Legislative Council's Special Committee on State Trails Policy.

6 **SECTION 1.** 23.33 (2) (c) of the statutes is amended to read:
7 23.33 (2) (c) *Registration; public use; fee.* Any all-terrain vehicle may be
8 registered for public use. The fee for the issuance or renewal of a registration
9 certificate for public use is \$30 \$50.

anal: jld note

This bill is explained in the NOTES provided by the Joint Legislative Council in the bill.

NOTE: Under current law, no person may operate, and no owner may give permission for the operation of, an all-terrain vehicle (ATV) within the state of Wisconsin unless the ATV is registered for public use (i.e., for use on public trails or routes), private use (i.e., used exclusively on private property), is exempt from registration, or is certified for commercial use (i.e., manufacturers, dealers, or distributors or persons engaged in the business of renting ATVs).

This provision increases the fee for issuance or renewal of a registration certificate for public use of an ATV from \$30 to \$50. The registration is valid for 2 years.

Based on current department of natural resources (DNR) estimates that approximately 230,000 ATVs share a public registration (calculated at 115,000 registrations per year to generate the annual number), the current fee raises about \$3.5 million annually. Assuming the same 230,000 registrations, under this provision of the bill, the fee increase would raise approximately \$5.75 million annually. The result is an increase in revenue of approximately \$2.25 million annually.

1 **SECTION 2.** 23.33 (2) (d) of the statutes is amended to read:

2 23.33 (2) (d) *Registration; private use; fee.* An all-terrain vehicle used
3 exclusively for agricultural purposes or used exclusively on private property may be
4 registered for private use. The fee for the issuance of a registration certificate for
5 private use is ~~\$15~~ \$25.

NOTE: This provision increases the fee for issuance or renewal of a registration certificate for private use of an ATV from \$15 to \$25. The private registration is valid from initial purchase of the registration to the time that ownership is transferred.

The DNR estimates that approximately 5,000 ATVs are registered for private use each year. The current fee of \$15 raises about \$75,000 annually. Assuming a continued 5,000 private registrations each year, the increased fee, at \$25, would raise approximately \$125,000 per year. The result is a revenue increase of approximately \$50,000 annually.

6 **SECTION 3.** 23.33 (2) (dm) 2. of the statutes is amended to read:

7 23.33 (2) (dm) 2. The fee for the issuance or renewal of a commercial all-terrain
8 vehicle certificate is ~~\$90~~ \$100. Upon receipt of the application form required by the
9 department and the fee required under this subdivision, the department shall issue
10 to the applicant a commercial all-terrain vehicle certificate and 3 reflectorized
11 plates. The fee for additional reflectorized plates is ~~\$30~~ \$40 per plate.

NOTE: This provision increases the fee for issuance or renewal of a certificate for commercial use of an ATV from \$90 to \$100. The commercial certificate is valid for 2 years.

Based on DNR estimates that approximately 650 ATVs are registered for commercial use annually, the fee currently raises about \$60,000 annually. Assuming the

same 650 annual registrations in the future, under this provision of the bill, the new fee would raise approximately \$65,000 annually. This results in a revenue increase of about \$5,000 annually.

1 SECTION 4. 23.33 (2j) (c) of the statutes is renumbered 23.33 (2j) (c) 1. and
2 amended to read:

3 23.33 (2j) (c) 1. The fee for ~~a~~ an annual nonresident trail pass issued for an
4 all-terrain vehicle that is exempt from registration under sub. (2) (b) 2. is \$17.25
5 \$44.25. ~~A~~ An annual nonresident trail pass issued for such an all-terrain vehicle
6 may be issued only by the department and persons appointed by the department and
7 expires on June 30 of each year.

8 SECTION 5. 23.33 (2j) (c) 2. of the statutes is created to read:

9 23.33 (2j) (c) 2. The fee for a 7-day nonresident trail pass issued for an
10 all-terrain vehicle that is exempt from registration under sub. (2) (b) 2. is \$17.25.
11 A 7-day nonresident trail pass issued for such an all-terrain vehicle may be issued
12 only by the department and persons appointed by the department and expires seven
13 days after issuance.

NOTE: These provisions increase the annual fee for a nonresident all-terrain vehicle (ATV) trail pass to \$44.25 and establish a 7-day nonresident trail pass for a fee of \$17.25. The current statute requires the department of natural resources to collect an issuing fee of \$0.75 for issuing a nonresident ATV trail pass.

This provision will increase the amount of the total fee for each annual and 7-day nonresident trail pass to \$45 and \$18, respectively. Based on current nonresident ATV trail pass sales estimates of 12,500 annually, the current fee raises approximately \$215,000 annually. Assuming, under the new fees, that 80% of the nonresidential ATV trail users will purchase a weekly pass and the remaining 20% of nonresident ATV trail users will purchase an annual pass, the weekly pass will raise approximately \$250,000 annually and the annual pass approximately \$63,000 annually. This results in total annual revenue of approximately \$313,000, an increase of approximately \$98,000 annually.

3 **relating to:** fees for registration of all-terrain vehicles for public and private
4 use, fees for commercial all-terrain vehicle certificates, and fees for
5 nonresident all-terrain vehicle trail passes.

Analysis by the Legislative Reference Bureau

This bill is explained in the NOTES provided by the Joint Legislative Council in
the bill.

***The people of the state of Wisconsin, represented in senate and assembly, do
enact as follows:***

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This bill was prepared for the Joint
Legislative Council's Special Committee on State Trails Policy.

6 **SECTION 1.** 23.33 (2) (c) of the statutes is amended to read:

7 23.33 (2) (c) *Registration; public use; fee.* Any all-terrain vehicle may be
8 registered for public use. The fee for the issuance or renewal of a registration
9 certificate for public use is \$30 \$50.

BILL

NOTE: Under current law, no person may operate, and no owner may give permission for the operation of, an all-terrain vehicle (ATV) within the state of Wisconsin unless the ATV is registered for public use (i.e., for use on public trails or routes), private use (i.e., used exclusively on private property), is exempt from registration, or is certified for commercial use (i.e., manufacturers, dealers, or distributors or persons engaged in the business of renting ATVs).

This provision increases the fee for issuance or renewal of a registration certificate for public use of an ATV from \$30 to \$50. The registration is valid for 2 years.

Based on current department of natural resources (DNR) estimates that approximately 230,000 ATVs share a public registration (calculated at 115,000 registrations per year to generate the annual number), the current fee raises about \$3.5 million annually. Assuming the same 230,000 registrations, under this provision of the bill, the fee increase would raise approximately \$5.75 million annually. The result is an increase in revenue of approximately \$2.25 million annually.

1 **SECTION 2.** 23.33 (2) (d) of the statutes is amended to read:

2 23.33 (2) (d) *Registration; private use; fee.* An all-terrain vehicle used
3 exclusively for agricultural purposes or used exclusively on private property may be
4 registered for private use. The fee for the issuance of a registration certificate for
5 private use is ~~\$15~~ \$25.

NOTE: This provision increases the fee for issuance or renewal of a registration certificate for private use of an ATV from \$15 to \$25. The private registration is valid from initial purchase of the registration to the time that ownership is transferred.

The DNR estimates that approximately 5,000 ATVs are registered for private use each year. The current fee of \$15 raises about \$75,000 annually. Assuming a continued 5,000 private registrations each year, the increased fee, at \$25, would raise approximately \$125,000 per year. The result is a revenue increase of approximately \$50,000 annually.

6 **SECTION 3.** 23.33 (2) (dm) 2. of the statutes is amended to read:

7 23.33 (2) (dm) 2. The fee for the issuance or renewal of a commercial all-terrain
8 vehicle certificate is ~~\$90~~ \$100. Upon receipt of the application form required by the
9 department and the fee required under this subdivision, the department shall issue
10 to the applicant a commercial all-terrain vehicle certificate and 3 reflectorized
11 plates. The fee for additional reflectorized plates is ~~\$30~~ \$40 per plate.

NOTE: This provision increases the fee for issuance or renewal of a certificate for commercial use of an ATV from \$90 to \$100. The commercial certificate is valid for 2 years.

Based on DNR estimates that approximately 650 ATVs are registered for commercial use annually, the fee currently raises about \$60,000 annually. Assuming the

BILL

same 650 annual registrations in the future, under this provision of the bill, the new fee would raise approximately \$65,000 annually. This results in a revenue increase of about \$5,000 annually.

1 **SECTION 4.** 23.33 (2j) (c) of the statutes is renumbered 23.33 (2j) (c) 1. and
2 amended to read:

3 23.33 (2j) (c) 1. The fee for ~~a~~ an annual nonresident trail pass issued for an
4 all-terrain vehicle that is exempt from registration under sub. (2) (b) 2. is ~~\$17.25.~~
5 A- \$44.25. An annual nonresident trail pass issued for such an all-terrain vehicle
6 may be issued only by the department and persons appointed by the department and
7 expires on June 30 of each year.

8 **SECTION 5.** 23.33 (2j) (c) 2. of the statutes is created to read:

9 23.33 (2j) (c) 2. The fee for a 7-day nonresident trail pass issued for an
10 all-terrain vehicle that is exempt from registration under sub. (2) (b) 2. is \$17.25.
11 A 7-day nonresident trail pass issued for such an all-terrain vehicle may be issued
12 only by the department and persons appointed by the department and expires 7 days
13 after issuance.

NOTE: These provisions increase the annual fee for a nonresident all-terrain vehicle (ATV) trail pass to \$44.25 and establish a 7-day nonresident trail pass for a fee of \$17.25. The current statute requires the department of natural resources to collect an issuing fee of \$0.75 for issuing a nonresident ATV trail pass.

X This ^{These} provision ~~will~~ ^{\$ will} increase the amount of the ^{result in a} total fee for each annual and 7-day nonresident trail pass to \$45 and \$18, respectively. Based on current nonresident ATV trail pass sales estimates of 12,500 annually, the current fee raises approximately \$215,000 annually. Assuming, under the new fees, that 80% of the nonresidential ATV trail users will purchase a weekly pass and the remaining 20% of nonresident ATV trail users will purchase an annual pass, the weekly pass will raise approximately \$250,000 annually and the annual pass approximately \$63,000 annually. This results in total annual revenue of approximately \$313,000, an increase of approximately \$98,000 annually.

10 to the applicant a commercial all-terrain vehicle certificate and 3 reflectorized
11 plates. The fee for additional reflectorized plates is ~~\$30~~ \$40 per plate.

NOTE: This provision increases the fee for issuance or renewal of a certificate for commercial use of an ATV from \$90 to \$100. The commercial certificate is valid for 2 years.

Based on DNR estimates that approximately 650 ATVs are registered for commercial use annually, the fee currently raises about \$60,000 annually. Assuming the

same 650 annual registrations in the future, under this provision of the bill, the new fee would raise approximately \$65,000 annually. This results in a revenue increase of about \$5,000 annually.

1 **SECTION 4.** 23.33 (2j) (c) of the statutes is renumbered 23.33 (2j) (c) 1. and
2 amended to read:

3 23.33 (2j) (c) 1. The fee for ~~a~~ an annual nonresident trail pass issued for an
4 all-terrain vehicle that is exempt from registration under sub. (2) (b) 2. is ~~\$17.25.~~
5 A \$44.25. An annual nonresident trail pass issued for such an all-terrain vehicle
6 may be issued only by the department and persons appointed by the department and
7 expires on June 30 of each year.

8 **SECTION 5.** 23.33 (2j) (c) 2. of the statutes is created to read:

9 23.33 (2j) (c) 2. The fee for a 7-day nonresident trail pass issued for an
10 all-terrain vehicle that is exempt from registration under sub. (2) (b) 2. is \$17.25.
11 A 7-day nonresident trail pass issued for such an all-terrain vehicle may be issued
12 only by the department and persons appointed by the department and expires 7 days
13 after issuance.

NOTE: These provisions increase the annual fee for a nonresident all-terrain vehicle (ATV) trail pass to \$44.25 and establish a 7-day nonresident trail pass for a fee of \$17.25. The current statute requires the department of natural resources to collect an issuing fee of \$0.75 for issuing a nonresident ATV trail pass.

These provisions result in a total fee for each annual and 7-day nonresident trail pass to \$45 and \$18, respectively. Based on current nonresident ATV trail pass sales estimates of 12,500 annually, the current fee raises approximately \$215,000 annually. Assuming, under the new fees, that 80% of the nonresidential ATV trail users will purchase a weekly pass and the remaining 20% of nonresident ATV trail users will purchase an annual pass, the weekly pass will raise approximately \$250,000 annually and the annual pass approximately \$63,000 annually. This results in total annual revenue of approximately \$313,000, an increase of approximately \$98,000 annually.

14 **SECTION 6. Initial applicability.**

15 (1) REGISTRATION FEES. The treatment of section 23.33 (2) (c), (d), and (dm) 2.
16 of the statutes first applies to all-terrain vehicle registration certificates issued or
17 renewed on the effective date of this subsection.
