NATURAL RESOURCES -- WATER QUALITY

Aquatic Invasive Species Grants

[LFB Paper #589]

Motion:

Adopt Alternative C1. Further, provide an additional \$300,000 water resources SEG annually for grants for the control of aquatic invasive species.

Needs new appropriation

Note:

The motion would provide \$1.8 million annually for aquatic invasive species grants. Alternative C1 would transfer \$1,500,000 annually from the lake protection, planning and aquatic invasive species appropriation to a biennial appropriation solely for the distribution of grants for the control of aquatic invasive species (the \$1.5 million was previously provided specifically for invasives grants).

[Change to Bill: \$300,000 SEG]

[Change to Base: \$300,000 SEG]

16-0

B. Eligible Recipients

1. Adopt the Governor's recommendation to delete the restriction that grants for projects to control invasive species be awarded to local governmental units. (Any public or private entity would be eligible.)

2. Expand the eligibility for participation in the aquatic invasive species grant program to include nonprofit conservation organizations and qualified lake associations (organizations that currently participate in the lake protection grant program, and are eligible for aquatic invasive species grants if funds remain after local government projects).

3. Delete provision (local governments would maintain first priority).

C. Grant Funding Levels

1. Transfer \$1,500,000 annually from the lake protection, planning and aquatic invasive species appropriation to a biennial appropriation for the distribution of grants for the control of aquatic invasive species.

2. Adopt Alternative C1. Further, transfer \$1,500,000 in 2007-08 and \$2,500,000 in 2008-09 from recreational boating projects to aquatic invasive species grants. (This would make \$3,000,000 in 2007-08 and \$4,000,000 annually beginning in 2008-09 available for cost-sharing grants for the control of aquatic invasive species.) In addition, specify one of the following:

a. Provide \$1.5 million in 2007-08 and \$2.5 million annually beginning in 2008-09 from the existing Warren Knowles-Gaylord Nelson Stewardship program for recreational boating projects from:

- (1) the land acquisition subprogram;
- (2) the property development and local assistance subprogram; or
- (3) either subprogram; or,

b. Authorize \$4 million in general obligation bonds for recreational boating aid project grants. Estimate debt service at \$65,000 GPR in 2008-09.

ALT C2b	Change to Bill		Change to Base	
	Revenue	Funding	Revenue	Funding
BR	\$4,000,000		\$4,000,000	
GPR		\$65,000		\$65,000

4. Maintain current law.

23.22(2)(c)

(c) Under the program established under par. (a), the department shall promulgate rules to establish a procedure to award cost-sharing grants to public and private entities for up to 50% of the costs of projects to control invasive species. The rules promulgated under this paragraph shall establish criteria for determining eligible projects and eligible grant recipients. Eligible projects shall include education and inspection activities at boat landings. The rules shall allow cost-share contributions to be in the form of money or in-kind goods or services or any combination thereof. In promulgating these rules, the department shall consider the recommendations of the council under sub. (3) (c). ~~From the appropriation under s. 20.370 (6) (ar), the department shall make available for cost-sharing grants to be awarded to local governmental units for the control of invasive species that are aquatic species \$1,000,000 in fiscal year 2005-06 and \$1,500,000 in fiscal year 2006-07 and each fiscal year thereafter.~~
