Kennedy, Debora

To: Morgan, Charlie
Subject: RE: Health Care Quality Fund and Cigarette Tax Increase

Charlie, we are doing this as one draft (b0824); Pam has already drafted b0757, which will be incorporated into b0824 and should be removed from any lists. I have received separate requests from you, Marlia, and Eric concerning some aspect of the health care quality fund or its resources and will be incorporated into b0824. Joe Kreye separately received a request from Faith Russel, which will be incorporated into b0824, as well. I would appreciate your forwarding this email to all analysts that may be involved.

Subject: Health Care Quality Fund and Cigarette Tax Increase

Hi, Debora –

I'm not sure whether I or other analysts from our office conveyed all of the instructions relating to the health care quality fund to you for drafting purposes. The Assembly Republican Caucus will completely eliminate the fund, including all revenue sources to the fund (such as the transfers from the permanent endowment fund, the injured patients and families compensation fund.) As part of this change, the proposed increase in cigarette tax and tobacco taxes would be eliminated. I think all of this could be done in one draft, since the Governor had included all of this stuff in a single draft (892/12).

Please contact me or the affected analysts if you have questions about this, and please forward my email to all of the drafters that may be involved in developing this yank draft.

Thanks

DOA:.....Easton, BB0175 – Increase excise tax rate on cigarette and tobacco products sales; health care quality fund

FOR 2007-09 BUDGET -- NOT READY FOR INTRODUCTION

1 AN ACT ...; relating to: the budget.

Analysis by the Legislative Reference Bureau

TAXATION

OTHER TAXATION

This bill increases the rate of the excise tax imposed on the sale of cigarettes from 77 cents per pack to \$2.02 per pack. The bill also increases the rate of the excise tax imposed on the sale of tobacco products from 25 percent of the manufacturer's list price to distributors to 65.6 percent of the manufacturer's list price to distributors.

HEALTH AND HUMAN SERVICES

MEDICAL ASSISTANCE

Under current federal and state law, Medical Assistance (MA) is a jointly funded, federal-state program that DHFS administers to provide health care services to eligible individuals with very low incomes and few assets; the state share of MA is paid from a combination of general purpose revenues, program revenues from hospital assessments, and segregated funds under the MA trust fund. Under a waiver of federal Medicaid laws from the federal Department of Health and Human Services, DHFS also administers under MA the Badger Care Health Care Program (BadgerCare). BadgerCare provides health care coverage to certain low-income families and to certain low-income children who do not reside with a parent. This bill establishes a trust fund designated as the health care quality fund, from moneys

obtained from an increase in cigarette and other tobacco products taxes and from certain other sources. Under the bill, moneys from the health care quality fund are used as another source of funding for MA and for BadgerCare.

Under current law, DHFS annually assesses hospitals a total of \$1,500,000, in proportion to each hospital's respective gross private-pay patient revenues during the hospital's most recent fiscal year. Moneys from the assessments are credited to a program revenue appropriation account, from which is paid a portion of MA program benefits, certain long-term care pilot projects under the Long-term Support Community Options Program (COP), and services under the Family Care Program. The bill eliminates the current hospital assessment and, instead, authorizes DHFS to levy, enforce, and collect an annual assessment on hospitals, based on claims information collected by an entity from hospitals under the laws relating to health care information. Under the bill, the assessments are due before December 1 and are based on a rate not to exceed 1 percent of a hospital's gross revenues, as adjusted by DHFS, although DHFS may consider the hospital's MA reimbursement. The assessments must be deposited into the health care quality fund, as created in the bill, and are first due before December 1, 2007.

PUBLIC ASSISTANCE

Currently, DHFS reimburses pharmacists and pharmacies for prescription drugs purchased by elderly persons who are enrolled in a program of prescription drug assistance (Senior Care). Senior Care provides payments under the program from general purpose revenues, rebate payments made by prescription drug manufacturers, and federal funds.

This bill establishes a trust fund designated as the health care quality fund, from moneys obtained from an increase in cigarette and other tobacco products taxes and from certain other sources. Under the bill, moneys from the health care quality fund are used as another source of funding for payments made under Senior Care.

OTHER HEALTH AND HUMAN SERVICES

Currently, DHFS administers a grant program for statewide tobacco use control that funds programs to prevent, reduce, or cease tobacco use. Also under current law, a trust fund designated as the permanent endowment fund exists that consists of proceeds from the sale of the state's right to receive payments under a master tobacco settlement agreement and investment earnings on the proceeds.

This bill establishes a trust fund designated as the health care quality fund, from moneys obtained by increasing cigarette and other tobacco products taxes, by transferring funds from the permanent endowment fund, and from certain other sources. Under the bill, moneys from the health care quality fund are appropriated in part for the statewide grant program for tobacco use control and for health care quality and patient safety information.

INSURANCE

Under current law, certain health care providers are required to carry health care liability insurance with liability limits of at least \$1,000,000 for each occurrence and at least \$3,000,000 for all occurrences in a policy year. Any portion of a medical malpractice claim against a health care provider subject to the health care liability insurance requirements that exceeds the policy limits of the health care provider's

health care liability insurance is paid by the injured patients and families compensation fund. Moneys for the fund come from annual assessments paid by the health care providers who are subject to the health care liability insurance requirements. This bill transfers \$175,000,000 in fiscal year 2007–08 from the injured patients and families compensation fund to the health care quality fund, as created in the bill.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
