

## Fiscal Estimate Narratives

DPI 12/17/2007

LRB Number	07-3350/2	Introduction Number	AB-0625	Estimate Type	Original
<b>Description</b> Authorizing a school board to construct or acquire a renewable resource facility					

### Assumptions Used in Arriving at Fiscal Estimate

The bill authorizes a school board to construct or acquire a renewable resource facility and to use the energy generated by the facility or sell it at wholesale.

#### State Fiscal Effect:

This bill does not affect the level of state school aids. However, to the extent that a school district(s) incurs costs to construct or acquire a renewable resource facility, these costs could be eligible for state school aid. This could result in a redistribution of state school aid based on these additional aidable costs. The net amount of redistribution, however, is indeterminate.

#### Local Fiscal Effect:

If a district's eligible aidable costs are increased as a result of action taken under this bill, a district's general school aid amount could be affected, either upwards or downwards. It is not possible to estimate how many districts will choose to construct or acquire a facility under the bill. Therefore, the local fiscal effect is indeterminate.

### Long-Range Fiscal Implications
