INFORMATIONAL HEARING

Committee on Commerce, Utilities and Rail

The committee will hold an informational hearing on the following items at the time specified below:

Wednesday, February 7, 2007
11:00 AM
411 South
State Capitol

Video Franchising

The committee will hear testimony from invited speakers only.

Senator Jeffrey Plale
Chair

3.03 Standing committee review. (1) REFERRAL TO COMMITTEES. Each presiding officer shall, within 7 working days, refer the rules jackets to one standing committee of the particular house. If notification of the presiding officers takes place on or after September 1 of an even-numbered year, the rules shall be considered received on the first day of the next regular session of the legislature for the purposes of determining the running of time periods for legislative committee review described in this section.

NOTE: Agencies are requested to hold rules until the following January, rather than submit them during September through December of even-numbered years.

(2) COMMITTEE REVIEW. (a) Upon receipt of notice that a proposed rule has been referred to a committee, the chairperson or cochairpersons of the committee shall notify, in writing, each committee member of the referral.

(b) The committee review period lasts for 30 days from the date the rule jacket is referred. If, within the 30-day period, a committee takes either of the following actions, the committee review period is extended for 30 days from the date of that action: (1) requests in writing that the agency meet with the committee to review the proposed rule; or (2) publishes or posts notice that the committee will hold a meeting or hearing to review the proposed rule, and immediately sends a copy of the notice to the agency. This action does not extend the review period of the committee in the other house.

(c) A committee may waive its jurisdiction over a proposed rule by adopting, by a majority vote of a quorum of the committee, a motion waiving the committee's jurisdiction. This action does not waive the jurisdiction of the committee in the other house. A committee shall report its waiver action in writing to the joint committee for review of administrative rules within 2 working days after the waiver action.

(d) 1. If a committee, by a majority vote of a quorum of the committee, recommends modifications in a proposed rule, and the agency, in writing, agrees to make modifications, the review period for both committees is extended either to the 10th working day following receipt by the committees of the modified proposed rule or to the expiration of the initial or extended committee review period, whichever is later. [In practice, agencies sometimes agree to consider making modifications.] There is no limit either on the number of modification agreements that may be entered into or on the time within which modifications may be made.

2. If a committee requests modifications, this does not preclude the committee in the other house, to which the proposed rule was referred, from taking action on the proposed rule. Since an agency is not required to comply with a request for modifications, if both committees recommend modifications that differ from each other, an agency may determine which of the recommendations to follow. However, as described in subd. 1, both committees have an opportunity to review any modifications that are submitted.

(e) On its own initiative, an agency may submit germane modifications to a proposed rule to a committee during the review period. If the modifications are submitted within the final 10 days of the review period, the review period for both committees is extended for 10 working days. If an agency modification is submitted to a committee after the committee in the other house has concluded its jurisdiction over the proposed rule, the jurisdiction of the committee of

the other house is revived for 10 working days. An agency also may modify a proposed rule following committee review, if the modification is germane to the subject matter of the proposed rule. If this is done, the modified rule shall be submitted to the presiding officer in each house of the legislature for referral and the normal committee review.

NOTE: Whenever a modification of a rule is made, an agency should submit electronically a copy of the modification to the Legislative Council staff at "clearinghouse@legis.state.wi.us."

(f) **A committee may object to a proposed rule, or part of a proposed rule, only for one or more of the following reasons:**

1. An absence of adequate statutory authority.
2. An emergency relating to public health, safety or welfare.
3. **Failure to comply with legislative intent.**
4. Being contrary to state law.
5. A change in circumstances since the original date of passage of the earliest law upon which the rule is based.
6. Being arbitrary and capricious or imposing an undue hardship.

(g) If a committee objects, the committee chairperson must immediately notify the chairperson of the committee, in the other house, to which the proposed rule was referred. The committee in the other house may then take no further action other than also to object.

(h) An agency may not promulgate a proposed rule during the review period unless both committees waive their jurisdiction over the proposed rule.

(i) If the review period for both committees ends and neither committee has objected to the proposed rule, the agency may promulgate the proposed rule. If the review period for both committees ends and only a portion of the proposed rule has been objected to, the agency may promulgate the portion that was not objected to.

NOTE: Since agencies are not routinely notified when committee review periods end, an agency should either review the senate and assembly journals, which will indicate when committee review periods end, or contact the chairpersons of the committees.

(3) RULES RECEIVING OBJECTION. (a) If a committee objects to a proposed rule, the rule shall be referred to the joint committee for review of administrative rules. The review period for the joint committee is 30 days, but may be extended for an additional 30 days as in the case of an initial reviewing committee. The joint committee shall take executive action within its review period and may either nonconcur in an objection, object to the proposed rule or seek rule modifications as in the case of a committee during initial review of the proposed rule. An agency may not promulgate a rule which has received an objection by a committee unless there is nonconcurrence by the joint committee in the objection or until a bill which sustains the

Script for Executive Session:

1. Begin with SB 72, Ratification of the Midwest Rail Compact.
There is an amendment that will need to be introduced. It eliminates ongoing costs of the compact. The only cost will be the one time \$15,000 membership dues.

At the public hearing on October 25th there were 5 individuals in favor and the DOT registered against due to the cost. That issue has been resolved by the amendment.

2. SB 273 – The Propane Safety Act
There will be a Sub and a Simple to the Sub. Both HAVE ALREADY BEEN INTRODUCED. Cowles will explain the drafting process on the amendments and the reason for the changes. Stoltzenberg will go through the content of the Sub. He has also written a memo to address concerns of the Hardware Stores. We will need to adopt the simple to the sub. First; then adopt the Sub. Then pass the bill as amended.

Then adjourn and move into the public hearing. Please explain that we will be hearing both SB 17 & SB 36 at the same time.

Venskus, Katy
