

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-2708/P2dn
ARG:.....

ATTN: Jason Bauknecht

Please review the attached draft carefully to ensure that it is consistent with your intent.

The redraft instructions requested inclusion of the definition of vehicle in s. 29.001 (87), the broadest definition possible. It seems unnecessary to me to include a definition so broad that it includes locomotives and aircraft as well as bicycles. While there may not be a downside to including such a broad definition, you may want to revise the definition to include vehicles that the motor carriers holding towing permits, motor vehicle salvage dealers, and motor vehicle dealers are actually towing. In this light, you might want to reconsider the change from "motor vehicle" to "vehicle" in the "/P1" draft. I assume the intent was not to cover the towing of bicycles, so the towing of which non-motor vehicles was intended to be covered by this change in the "/P1" draft?

Please let me know if you would like any changes made to the attached draft or if you have any questions. If the attached draft meets with your approval, let me know and I will convert it to an introducible "/1" draft.
