

**DRAFTER'S NOTE**  
**FROM THE**  
**LEGISLATIVE REFERENCE BUREAU**

LRB-0142/5dn  
MGG:kjf:md

January 16, 2009

Attention: Sarah Barry

1. The Minong Flowage language in this draft is what Kathy Bartilson and I finally came up with.
2. She also wanted it made clear that the piers under s. 30.26 (5) (a) 2. could not have any loading platforms, so I added language to that effect.
