

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-0962/P2dn
RPN:wlj:md

March 11, 2009

I was not sure how to reconcile the drafting instructions that said to keep the residential property definition and create another definition for all other residential property but apply the HUD requirements only to the originally defined residential property. See if what I did in subsections (1) (e) and (5) (c) works.
