June 2009 Special Session
2009 BILL

Rege Cox

1 AN ACT to affect 2009 Wisconsin Act 2, section 9122 (1) (d); relating to: the
2 hospital assessment, Medical Assistance, and making appropriations.

Analysis by the Legislative Reference Bureau

Currently, hospitals must pay an annual assessment for the privilege of operating in Wisconsin. Critical access hospitals, institutes for mental disease, and psychiatric hospitals are exempt from the assessment. The total amount of the assessment, which is apportioned among hospitals according to gross patient revenues, is \$275,445,100 for fiscal year 2008-09. Current law requires that each hospital pay its assessment for fiscal year 2008-09 in two equal payments due on March 31 and June 30, 2009. The assessment revenues are used to pay for hospital and other services under the Medical Assistance program.

Also under current law, the Department of Health Services (DHS) must make one-time payments in fiscal year 2008-09 to certain rural border hospitals that are not critical access hospitals. The payments are either \$250,000 or \$500,000 per hospital, depending on the portion of the hospital's revenue derived from the Medical Assistance program.

This bill increases the total amount of the hospital assessment for fiscal year 2008-09 to \$335,945,100, and provides that the two hospital assessment payments for fiscal year 2008-09 need not be equal. The bill increases appropriations from the hospital assessment fund and the Medical Assistance trust fund to permit expenditure of the additional hospital assessment revenue; increases program revenue funding for administration of the Medical Assistance program and the hospital assessment; and decreases general purpose revenue funding for the Medical

BILL

Assistance program. The bill also increases the fiscal year 2008–09 payments to rural border hospitals.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
