EDUCATION

PRIMARY AND SECONDARY EDUCATION

Currently, state aid to public library systems is funded using both general purpose revenue and revenue in the universal service fund. The universal service fund consists of moneys that are required to be contributed by certain telecommunications providers. The fund is used for promoting universal telecommunications service and for other specified purposes. This bill funds public library aid exclusively from the universal service fund.

Current law directs DPI to contract with the public library in the city of Milwaukee to provide library services to physically handicapped persons and to contract for services with libraries to serve as resources of specialized library materials and information not available in DPI's reference and loan library. The cost of these contracts is paid with general purpose revenue. Under this bill, the cost of these contacts is paid from the universal service fund.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

DOA:.....Stinebrink, BB0246 - Using only universal service fund for library aid

FOR 2009-11 BUDGET -- NOT READY FOR INTRODUCTION

1 AN ACT ...; relating to: the budget.

Analysis by the Legislative Reference Bureau

EDUCATION

PRIMARY AND SECONDARY EDUCATION

Currently, state aid to public library systems is funded using both general purpose revenue and revenue in the universal service fund. The universal service fund consists of moneys that are required to be contributed by certain telecommunications providers. The fund is used for promoting universal telecommunications service and for other specified purposes. This bill funds public library aid exclusively from the universal service fund.

Current law directs DPI to contract with the public library in the city of Milwaukee to provide library services to physically handicapped persons and to contract for services with libraries to serve as resources of specialized library materials and information not available in DPI's reference and loan library. The cost of these contracts is paid with general purpose revenue. Under this bill, the cost of these contacts is paid from the universal service fund.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
