2009-11 Budget Bill Statutory Language Drafting Request

- Topic: Changing the 'guaranteed valuation' calculation for a school district in a city of the first class
- Tracking Code: BB0476
- SBO team: Education
- SBO analyst: Marta Skwarczek
 - Phone: 266-5468
 - Email: marta.skwarczek@wisconsin.gov
- Agency acronym: DPI
- Agency number: 255
- Priority (Low, Medium, High): High

Intent:

Under the relevant sections of Wisconsin statutes:

Specify that the calculation of 'guaranteed valuation' under s. 121.07(8) for a school district in a city of the first class shall be determined by multiplying the amounts in s. 121.07(7) by the district's membership plus 10% of pupils enrolled in the Milwaukee Parental Choice Program for the 2009-10 general aids run.

Specify that the calculation of 'guaranteed valuation' under s. 121.07(8) for a school district in a city of the first class shall be determined by multiplying the amounts in s. 121.07(7) by the district's membership plus 20% of pupils enrolled in the Milwaukee Parental Choice Program for the 2010-11 general aids run.

Specify that the calculation of 'guaranteed valuation' under s. 121.07(8) for a school district in a city of the first class shall be determined by multiplying the amounts in s. 121.07(7) by the district's membership plus 30% of pupils enrolled in the Milwaukee Parental Choice Program for the 2011-12 general aids run.

Specify that the calculation of 'guaranteed valuation' under s. 121.07(8) for a school district in a city of the first class shall be determined by multiplying the amounts in s. 121.07(7) by the district's membership plus 40% of pupils enrolled in the Milwaukee Parental Choice Program for the 2012-13 general aids run.

Specify that the calculation of 'guaranteed valuation' under s. 121.07(8) for a school district in a city of the first class shall be determined by multiplying the amounts in s.

121.07(7) by the district's membership plus 50% of pupils enrolled in the Milwaukee Parental Choice Program for the 2013-14 general aids run and every year thereafter.

10 (1m) (a) 4. of the statutes; **relating to:** abolishing the general equalization aid
11 formula for distributing state school aid; creating a foundation plan to fund
12 school costs; creating a statewide school aid property tax; creating a School
13 Facilities Building Board; providing financial assistance to school districts for
14 building projects; authorizing the issuance of public debt by the state;
15 eliminating the school levy tax credit; eliminating school district revenue
16 limits; eliminating certain categorical aids to school districts; weighting certain
17 pupils for school aid purposes; requiring certain school districts to reduce class
18 size; granting rule-making authority; and making an appropriation.

Analysis by the Legislative Reference Bureau

Under the current school aid formula, the state establishes a guaranteed tax base, known as the guaranteed valuation. The rate at which a school district's costs are aided through the formula is determined by comparing the school district's per pupil tax base (or equalized valuation) to the guaranteed valuation. State aid is provided to make up the difference between the school district's actual tax base and that state guaranteed level. Thus, school districts with low property valuations per pupil generally receive a larger share of their costs through the formula than school districts with high property valuations per pupil.

(w #) A school district's guaranteed valuation is determined by multiplying the guaranteed valuation per pupil (set by ~~the~~ ^{statute}) by the district's enrollment.

This bill provides that for a 1st class city school district (currently, only the Milwaukee Public Schools), the guaranteed valuation ~~is~~ is determined by multiplying the valuation per member by the district's enrollment plus ~~(fifty)~~ ⁵⁰ percent of the number of pupils attending a private school under the Milwaukee Parental Choice Program. The ~~(fifty)~~ ⁵⁰ percent figure is phased in over a five-year period.

DOA:.....Skwarczek, BB0476 - Guaranteed valuation for MPS
FOR 2009-11 BUDGET -- NOT READY FOR INTRODUCTION

1 AN ACT ...; relating to: the budget.

Analysis by the Legislative Reference Bureau
EDUCATION

PRIMARY AND SECONDARY EDUCATION

Under the current school aid formula, the state establishes a guaranteed tax base, known as the guaranteed valuation. The rate at which a school district's costs are aided through the formula is determined by comparing the school district's per pupil tax base (or equalized valuation) to the guaranteed valuation. State aid is provided to make up the difference between the school district's actual tax base and that state guaranteed level. A school district's guaranteed valuation is determined by multiplying the guaranteed valuation per pupil (set by statute) by the district's enrollment.

This bill provides that for a 1st class city school district (currently, only the Milwaukee Public Schools), the guaranteed valuation is determined by multiplying the valuation per member by the district's enrollment plus 50 percent of the number of pupils attending a private school under the Milwaukee Parental Choice Program. The 50 percent figure is phased in over a five-year period.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
