Require that when MMSD contracts for the project authorized under the design-build construction process, it must submit to the Department of Natural Resources (DNR) for approval performance objectives and preliminary designs in a form that is satisfactory to the Department, rather than complete plans.

13. *Recycling Grant for Town of Wrightstown.* Notwithstanding the requirements of the municipal and county recycling grant program, specify \$46,000 from the appropriation in 2010-11 be provided as a grant to the Town of Wrightstown in Brown County to purchase new recycling bins. Direct DNR to allocate the grant to the Town of Wrightstown before grants for other eligible applicants are calculated.

14. *Water Pollution Discharge Fees.* Specify the Wisconsin Pollution Discharge Elimination (WPDES) fee for a concentrated animal feeding operation (CAFO) application be \$1,200 and assess an annual fee of \$345. Require DNR to promulgate a rule establishing annual fees on the basis of the number of animal units owned by an operation. Require the rule to be promulgated by no later than the first day of the 19<sup>th</sup> month following publication.

15. *Managed Forest Law Withdrawal.* Move to specify that DNR issue a withdrawal order to remove tribal lands from a managed forest law order, and that no withdrawal tax or withdrawal fee may be assessed if both of the following apply: (a) an Indian tribe has provided DNR with documentation which demonstrates that the tribe intends to transfer land currently under a managed forest law order to the United States to be held in trust for the tribe and (b) the tribe and the Department have entered into an intergovernmental agreement in which the tribe has agreed to comply with the existing forestry management plan, and continue to pay all fees associated with the existing MFL order (acreage share fees, closed acreage fees, and yield taxes) until the date the order would have otherwise expired.
