Subject: forest fire suppression grant earmark

Hi Mary- I have an amendment request (part of the ADC amendments).

Increase appropriation (5)(by) by \$108,000 ^{Ship} in 2009-10. Direct DNR to provide this amount to Plum City for the purchase of fire safety equipment for the Plum City Town of Union Fire Department.

*Since this program (the forest fire protection) program only provides grants (for fire safety equipment etc) to municipalities that currently have an agreement with DNR to assist in the suppression of forest fires, we might need a notwithstanding that requirement (because I'm not sure if Plum City has an agreement, I'm checking on that but in the interest of time I thought I'd mention the notwithstanding to you).

Does this make sense? Let me know if you have questions, thanks,
-Erin

also notwithstanding
match requirement

It is possible that a Wisconsin court would find this legislation to be a “private or local bill” which, under Article IV, section 18, of the Wisconsin constitution, must be enacted as single-subject legislation. If this legislation is a “private or local bill,” it cannot validly be enacted as part of the budget bill, which clearly encompasses more than one subject. In light of this, you may wish to consider introduction of this legislation as a separate bill.
