Fiscal Estimate Narratives

DOR 2/16/2009

LRB Number	09-0033/2	Introduction Number	AB-0018	Estimate Type	Original
Description The income and franchise tax credit that supplements the federal historic rehabilitation tax credit					

Assumptions Used in Arriving at Fiscal Estimate

Current federal law allows a credit, equal to 20% of certain expenditures, to substantially rehabilitate certified historic buildings for use in a trade or business. In Wisconsin, a supplement to the federal historic rehabilitation credit, equal to 5% of qualified rehabilitation expenditures, can be claimed for projects that are eligible for the federal credit.

Wisconsin claimants must currently submit evidence to the Department of Revenue that the rehabilitation work was approved by the Secretary of the Interior before construction began. Additionally, for partners in a partnership or members of a limited liability company, the credit is apportioned according to each partner's ownership interest.

Under this bill, beginning in tax year 2008, claimants must submit evidence to the Department of Revenue that the rehabilitation work was recommended by the state historic preservation officer for approval before construction began and that the rehabilitation work was approved by the Secretary of the Interior. This would allow construction to begin before approval is granted by the Secretary of the Interior. The bill also allows partners in a partnership or members of a limited liability company, to apportion the credit according to a specified agreement of the partners.

The fiscal effect of the bill is unknown, but expected to be a minimal revenue loss.

Long-Range Fiscal Implications
