Description Coverage under BadgerCare Plus for former employees of Allied Systems, Ltd		

Assumptions Used in Arriving at Fiscal Estimate

Assembly Bill 966 would allow former employees of Allied Systems, Ltd. who do not have any other source of employer-sponsored coverage to purchase coverage under the BadgerCare Plus Benchmark plan for themselves and their dependents at the full per member per month cost. This bill would not have a fiscal impact on the Department, because the participant's premiums and other cost share will cover the costs of the program.
