

Fiscal Estimate Narratives

DWD 8/27/2009

LRB Number	09-3051/1	Introduction Number	SB-245	Estimate Type	Corrected
Description Collection of workforce data on registered nurse and licensed practical nurse license renewal forms					

Assumptions Used in Arriving at Fiscal Estimate

In requiring DWD to collaborate with the Department of Regulation and Licensing on the collection of additional workforce data from applicants for nursing license renewals, SB 245 does not, for the most part, require DWD to do anything that is not already required under current law.

2009 Wis. Act 28, the current budget act, includes a provision requiring DWD to supply the Department of Regulation and Licensing with a survey for DRL to use to gather workforce data from applicants for nursing license renewals. At a minimum the survey mandated by Act 28 will cover the information relating to gender, race and ethnicity, employment, and education referred to by SB 245. Furthermore, the process of preparing this survey and developing a mechanism for its administration will presumably involve collaboration between DWD and DRL similar to that called for by SB 245.

The one requirement SB 245 imposes on DWD that is not necessarily imposed by Act 28 is the requirement that DWD and DRL enter into a memorandum of understanding (MOU) regarding the data to be collected. To the extent that an MOU is a particular administrative task not explicitly required by Act 28, it potentially imposes costs on DWD separate and distinct from any other administrative costs associated with implementing the nursing survey provisions of Act 28.

Our estimate of these potential costs assumes that negotiating and executing an MOU of this nature would require .25 FTE of current staff time over a period of approximately six weeks. We estimate those staff costs to be as follows:

- Salary and fringe benefits: \$2,520
 - Other state operations (overhead): \$575
- T. Total: \$3,095

Long-Range Fiscal Implications
