REFERRAL OF AGENCY REPORTS

State of Wisconsin
Office of Energy Independence
Madison

April 30, 2010

To the Honorable, the Legislature:

Pursuant to State Statutes 13.172 (3) and 16.045 (5)(3) the Office of Energy Independence is reporting to your respective office the 2010 Biofuels and Alternative Fuels Use Report for distribution to the respective committees as directed by the Speaker and President.

We have provided 20 reports for distribution as directed by the Speaker and President and have made the report available for electronic download at the following website:
<http://www.energyindependence.wi.gov>

The report shall remain available for electronic download to the general public, and the Office of Energy Independence will encourage further distribution to officers and employees who use personal motor vehicles on state business and by residents of this state.

Sincerely,
JUDY ZIEWACZ
Executive Director

Referred to committee on **Renewable Energy and Rural Affairs.**

Milwaukee Public Schools
Division of Business Services
Milwaukee

April 30, 2010

To the Honorable, the Legislature:

According to Wisconsin School Law 121.87 in accordance with 13.172, the Board is required by law to submit the enclosed reports. School Law 121.87 states "... annually by May 1 the board of school directors of the school district operating under ch. 119 shall submit a report to the legislature under s. 13.172 (2) that specifies the number, percentage, race, sex, grade and attendance area of pupils transferred outside their attendance area without written consent under s. 121.85 (6)(am)."

Enclosed you will find a report that meet the requirements stated above. The total number of intradistrict students bused under the Chapter 220 designation for the school year 2009-2010 equals 14,671. Of that number 684 either did not return a consent form or checked box indicating no consent. Students who have moved during the school year and no longer require parental consent were subtracted from the non-returned figure. The district did meet the requirement of ninety-five percent (95%) parents providing consent.

Sincerely,
MICHAEL TURZA, DIRECTOR
Division of Business Services

Referred to committee on **Education.**

State of Wisconsin
Department of Health Services
Madison

May 5, 2010

To the Honorable, the Legislature:

The Department of Health Services (DHS) is submitting the attached State Annual Performance Report for the Birth to 3 Program to meet the requirement in s. 51.44 (5)(c) to report on the Department's implementation progress. The enclosed report, which covers federal fiscal year 2008, was also submitted to the federal government per federal requirements.

The report highlights the very positive outcomes produced by the Birth to 3 Program. As intended, the vast majority, over 94%, of children are served in their homes or other settings such as child care centers. Parent satisfaction with the program remains high. In addition, most federally required compliance indicators identified by the Office of Special Education Programs (OSEP) achieved over a 95% compliance rate.

In the past year, the state and counties have engaged in a broad array of measures to improve the quality of the program. These efforts will continue to ensure that children with disabilities and their families are well served by Wisconsin's Birth to 3 Program. Of particular interest was an intensive collaborative effort with the Department of Public Instruction (DPI) on improving transition processes for children leaving the Birth to 3 Program and beginning special education services provided by local school districts.

Please contact Darsell Johns of my staff at 608-267-7844 if you have questions regarding this report

Sincerely,
KAREN E. TIMBERLAKE
Secretary

Referred to committee on **Children and Families.**
