

WISCONSIN LEGISLATIVE COUNCIL AMENDMENT MEMO

2009 Senate Bill 268

**Senate
Amendment 1**

Memo published: January 25, 2010

Contact: David L. Lovell, Senior Analyst (266-1537)

In general, an animal rendering or processing plant, which includes a slaughtering establishment, may not be constructed within 1/8 mile of a dwelling or business building, although an existing rendering or processing plant may continue to operate if a dwelling or business building is constructed within 1/8 mile of it.

2009 Senate Bill 268 specifies that a person may establish or expand a rendering or processing plant within 1/8 mile of a dwelling or business building with the approval of the city, village, or town in which it would be located.

Senate Amendment 1 limits the bill to apply only if animals will not be slaughtered in the plant and only animal parts will be processed in the plant.
