February 5, 2009 - Introduced by Representatives SCHNEIDER and BIES. Referred to Committee on Energy and Utilities.

1     **AN ACT** *to create* 100.58 of the statutes; **relating to:** contracts for commercial  
2     mobile telephone service.

---

***Analysis by the Legislative Reference Bureau***

This bill regulates monthly service contracts for mobile telephone service, commonly known as cellular telephone service. The bill defines a monthly service contract as a contract that entitles a person, for a monthly fee, to a limited amount of access to mobile telephone service. Under the bill, a service provider may not enter into a monthly service contract unless the contract provides that the access time that has accrued to the customer continues to be available for the customer's use (or "rolls over") until approximately one year after the month in which the access time accrued, or the expiration of the contract, whichever is sooner.
