**Dear Legislator, WILLIAM AUGUST WILLIAMS AN INDEPENDENT DNR SECRETARY**

12 35

Millions of Wisconsinites treasure the outdoors for hunting, fishing, hiking, biking, and swimming. By spending time outdoors, we begin to understand the importance of managing, enjoying, and preserving them for future generations.

Unfortunately, in the last several years, we have seen legislative actions that erode the integrity of Wisconsin's conservation and outdoor traditions. Such actions unnecessarily jeopardize the air we breathe, the water we drink, and the places where we hunt, fish, and hike.

To manage natural resources for future generations, legislators must:

- 1) Restore appointment authority of the DNR Secretary to the Natural Resources Board.
- 2) Require that the state Senate vote on the NRB nominees within 6 months of their nomination.

Dear Legislator, 12,36

Millions of Wisconsinites treasure the outdoors for hunting, fishing, hiking, biking, and swimming. By spending time outdoors, we begin to understand the importance of managing, enjoying, and preserving them for future generations.

Unfortunately, in the last several years, we have seen legislative actions that erode the integrity of Wisconsin's conservation and outdoor traditions. Such actions unnecessarily jeopardize the air we breathe, the water we drink, and the places where we hunt, fish, and hike.

To manage natural resources for future generations, legislators must:

- 1) Restore appointment authority of the DNR Secretary to the Natural Resources Board.
- 2) Require that the state Senate vote on the NRB nominees within 6 months of their nomination.
