(b) The municipality's governing body adopts a resolution stating that a moratorium is needed to address a significant threat to the public health or safety that is presented by a proposed or anticipated activity specified under sub. (4), except that the governing body may not adopt such a resolution unless it obtains a written report from a registered engineer or public health professional stating that in his or her opinion the proposed or anticipated activity specified under sub. 2. A municipality may amend the ordinance one time to extend the moratorium for not more than 6 months if the municipality's governing body determines that such an extension is necessary to address the problem giving rise to the need for the moratorium.

(c) A municipality may not enact a development moratorium ordinance unless it holds at least one public hearing at which the proposed ordinance is discussed. The public hearing must be preceded by a class 1 notice
