

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-1787/1dn
PJK:sbb&jld:rs

May 4, 2011

I have made the changes that you requested. In addition, I have modified the wording a bit in item C. 16., on the recommendation of the drafting attorney with expertise in that subject area. Also, I am advised by that drafting attorney that the budget bill affects the first part of item D. 2. Under the budget bill, rezoning a property zoned farmland preservation to another use does not trigger payment of a conversion fee. Therefore, if the budget bill passes before this bill, this bill may need to be amended to be consistent with the change in the law.
