

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRBs0359/P1dn
RCT:med:rs

February 24, 2012

Representative Jacque:

The proposed language was somewhat unclear to me. I have tried to make it more clear and consistent and have produced this as a preliminary draft so that there is no need to return a jacket in case changes need to be made.

Please let me know if there are questions about the draft. When you are satisfied with the language, I will prepare an introducible version.
