Joe, below is the sample proclamation

<http://netcancerday.org/resources/proclamation/>

Which, it appears per this, the Governor has signed or issued:

<http://www.carcinoid.org/>

I started on the below referencing largely <http://netcancerday.org/community/theme/> & other links from <http://netcancerday.org/>

I don't know if this should have the attributions but if this helps/works:

~~Whereas, The incidence of neuroendocrine tumors, difficult to detect and diagnose, is on the rise globally, with around 11,000 people are diagnosed nationally each year~~

~~Whereas, according to the the Worldwide NET Cancer Awareness Campaign, neuroendocrine tumors (NETs) often develop into cancer and, if left untreated, can result in serious illness and death; and~~

~~Whereas, The NET Cancer Awareness Campaign notes that neuroendocrine tumors can manifest myriad clinical symptoms, many of which are nonspecific and vague~~

~~Whereas, early and accurate diagnosis, recognition of the malignant and metastatic potential of neuroendocrine tumors and access to treatment is vital to survival for NET cancer patients~~

~~Whereas, with timely detection and proper treatment, NET cancer patients can have significantly improved outcomes and quality of life~~

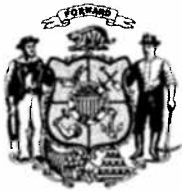

And Whereas, the theme for the second Worldwide NET Cancer Awareness Day is Early Detection of NET cancers

*Resolved by the assembly, the senate concurring, that:* the Wisconsin legislature proclaims November 10, 2011 to be Worldwide NET Cancer Awareness Day and encourages patients, caregivers, healthcare professionals and the wider community to raise awareness about NET cancers and the need for timely diagnosis and access to optimal treatment and care.

Thanks Joe

Geoff

Rep. Steinbrink's office

## 2011 ASSEMBLY JOINT RESOLUTION

NOW

1 **Relating to:** proclaiming November 10, 2011, to be Worldwide NET Cancer  
2 Awareness Day.

3 Whereas, the incidence of neuroendocrine tumors, difficult to detect and  
4 diagnose, is on the rise globally, with around 11,000 people diagnosed nationally each  
5 year) and (3)

6 Whereas, according to the the Worldwide NET Cancer Awareness Campaign,  
7 neuroendocrine tumors (NETs) often develop into cancer and, if left untreated, can  
8 result in serious illness and death; and

9 Whereas, the NET Cancer Awareness Campaign notes that neuroendocrine  
10 tumors can manifest myriad clinical symptoms, many of which are nonspecific and  
11 vague; and

12 Whereas, early and accurate diagnosis, recognition of the malignant and  
13 metastatic potential of neuroendocrine tumors, and access to treatment is vital to  
14 survival for NET cancer patients; and

1           Whereas, with timely detection and proper treatment, NET cancer patients can  
2 have significantly improved outcomes and quality of life; and

3           Whereas, the theme for the second Worldwide NET Cancer Awareness Day is  
4 early detection of NET cancers; ~~be it~~ *now, therefore*

5           *Resolved by the assembly, the senate concurring, That* the Wisconsin  
6 legislature proclaims November 10, 2011, to be Worldwide NET Cancer Awareness  
7 Day and encourages patients, caregivers, health care professionals, and the wider  
8 community to raise awareness about NET cancers and the need for timely diagnosis  
9 and access to optimal treatment and care.

10   (END)
