I'm sorry - I need a tweak on this one.

in the end of the first sentence of s.62.623, I need to have the reference to half deleted. So the sentence should end with "...employees shall pay all required contributions for funding benefits under the retirement system. The employer may not pay on behalf of an employee any of the employee's share of the required contributions.

thanks much - Jenny

Okay you are going to kill me! We think we need to say all employee-required contributions.

"....employees shall pay all employee-required contributions for funding benefits under the retirement system. The employer may not pay on behalf of an employee any of the employee's share of the required contributions.
