Hi Fern,

I checked with Michelle, and her response was that all of the appropriation is being eliminated, and so should the requirements that are funded by that appropriation, not just the grants.

Also, a clarification on the Fees for specimen cards – please set it up so that we have DHS set the fees in administrative rules but still require hospitals to purchase (not insurers).

Thanks,

**Subject:** Eliminating family Planning grants draft

Good morning, Karina.

Is the intent of the request to “eliminate 20.435 (1) (f), associated appropriation and language” to repeal 253.07 (4) or all of 253.07? The amount in appropriation account 20.435 (1) (f) suggests that it funds more than the grants listed in 253.07 (4).

Thanks,  
Fern

Under current law, DHS provides funding to provide family planning services, including maintaining a state plan for community-based family planning programs and specific annual grants such as \$225,000 to establish and maintain 2 city-based clinics for delivery of family planning services in Milwaukee, Racine, or Kenosha. This bill eliminates funding for these family planning services.
