**Analysis by the Legislative Reference Bureau**

Under current law, to participate in a public library system a municipal, county, or joint public library (local library) or a county must meet a maintenance of effort requirement. A county must maintain its financial support for library services at a level not lower than the average support of the previous three years. A local library must receive total funding from its governing body in an amount of not less than the average amount of the previous three years. This bill repeals these maintenance of effort requirements.
