FOR 2011-13 BUDGET -- NOT READY FOR INTRODUCTION

1 AN ACT ...; relating to: the budget.

Analysis by the Legislative Reference Bureau

↓ EDUCATION

↓ PRIMARY AND SECONDARY EDUCATION

Under current law, a pupil living in the city of Milwaukee may, under the Milwaukee Parental Choice Program (MPCP), attend a private school at state expense if, among other conditions, the pupil is a member of a family that has a total family income that does not exceed 175 percent of the poverty level. Generally, the state pays a participating private school the lesser of the private school's cost per pupil that is related to educational programming or the sum of the amount paid per pupil in the previous school year plus the percentage change in the amount of appropriated general school aids. However, under current law, for the 2009-10 and 2010-11 school years, the state pays a participating private school a per pupil payment equal to the ~~the~~ lesser of the private school's cost per pupil that is related to educational programming or \$6,442. This bill extends the exception to the general per pupil payment calculation through the 2012-13 school year.

Under current law, school boards may enter into contracts with individuals, groups, businesses, or governmental bodies to establish charter schools, which operate with fewer constraints than traditional public schools. Current law also permits UW-Milwaukee, UW-Parkside, the Milwaukee Area Technical College, and the city of Milwaukee to operate charter schools (independent charter schools). Currently and through the 2010-11 school year, the operator of an independent

3

charter school receives per pupil state aid in an amount equal to the amount paid per pupil in the previous school year, increased by an amount that is tied to the increase in the per pupil state aid received by a private school participating in the MPCP. Under current law, beginning in the 2011-12 school year, the per pupil payment made to independent charter schools is tied to the per pupil revenue limit adjustment for public schools. Under this bill, the per pupil payment to independent charter schools remains tied to the method for determining the per pupil payment received by a private school participating in the MPCP through the 2012-13 school year.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
