Layla:

Yes, I will draft a technical amendment to insert your appropriations and all other appropriations in my list. I just talked to Rick Champagne and I guess he talked to Bob and they agreed that it would best to fix the schedule in the bill because after all the bill does *repeal and recreate* the entire schedule, so if an appropriation does not appear in the schedule, as repealed and recreated by the legislature, it does not exist legally.

Subject: RE: Chapter 20 Text and Appropriation Schedule

Hi Gordon, These two are mine:

20.255 (2) (bc) 526 Should appear in
schedule--repeal in AB-40 yanked

20.255 (2) (cf) 528 Should appear in
schedule--repeal in AB-40 yanked

I think we'd like a corrective amendment drafted to put these in the schedule, both showing zeroes for appropriation amounts in both years.

(bc) is Aid for children-at-risk programs and (cf) is Alternative education grants. Both are annual GPR approps. Thanks.

I know that you have signed off on the budget and that, therefore, we won't get a chance to fix the schedule any further on this go round, but I went ahead and checked the schedule against the text anyway and have found the following discrepancies that you should look into and fix before the final schedule is printed next summer:

Bob:

In addition to the schedule entries noted in my e-mail, this amendment also: 1) creates an entry for s. 20.285 (1) (w), which was pointed out by Scott Thornton of DOA; and (2) deletes entries for ss. 20.437 (2) (r), 20.485 (3) (w), and 20.505 (1) (iq) and (iw) as the text for those appropriations provides that "estimated disbursements shall *not* appear in the schedule."
