2011 BILL

✓

Regen

1 AN ACT *to renumber* 281.17 (8); and *to create* 281.17 (8) (b) of the statutes;
2 relating to: disinfection of municipal water supplies. ✓

Analysis by the Legislative Reference Bureau

Current law requires the Department of Natural Resources (DNR) to administer a safe drinking water program and to establish all safeguards that DNR determines to be necessary in protecting public health from impure drinking water supplies. DNR has promulgated a rule that requires municipal drinking water systems to provide continuous disinfection of the water that they provide, beginning no later than December 1, 2013.

This bill prohibits DNR from requiring a municipal water system to provide continuous disinfection of the water that it provides, unless continuous disinfection is required under federal law.

For further information see the *local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 SECTION 1. 281.17 (8) of the statutes is renumbered 281.17 (8) (a).

4 SECTION 2. 281.17 (8) (b) of the statutes is created to read:
