Analysis by the Legislative Reference Bureau

Identification required for voting

Under current law, any person who is a U.S. citizen, who is at least 18 years of age, and who has resided in a ward or election district in this state for at least ten days before the election at which the person is voting may vote in that ward or election district at that election unless the person is disqualified from voting, in certain cases specified by law, as the result of a felony conviction or an adjudication of incompetency. With limited exceptions, a person must register before voting and in certain cases must provide proof of residence. With certain limited exceptions, before being permitted to vote at any polling place, an eligible elector currently must provide his or her name and address. If the elector is not registered, the elector must provide a specified form of proof of residence in order to register. If an elector is not able to present any required proof of residence, as an alternative, current law permits an elector's registration information to be corroborated by another qualified elector who resides in the same municipality. In addition, an elector other than a military elector or an overseas elector, as defined by federal law, who registers by mail and who has not voted in an election in this state must provide one of the forms of identification specified by federal law, or a copy thereof if voting by absentee ballot, in order to be permitted to vote. Corroboration may not be substituted for this identification requirement, but an elector who cannot provide the required identification may cast a provisional ballot. The municipal clerk or board of election commissioners must determine whether electors casting provisional ballots are qualified to vote by 4 p.m. on the day after an election.

With certain limited exceptions, this substitute amendment requires each eligible elector who attempts to register or to vote at the polls on election day to present “proof of identification.” Under the substitute amendment, “proof of identification” means an identification document that contains the name of the individual to whom the document was issued, which name conforms to the individual’s voter registration, if the individual is required to register to vote, and that contains a photograph of the individual, except as otherwise permitted by the substitute amendment (see below). “Identification” means a) one of the following documents issued to the individual that is unexpired or if expired has expired after the date of the most recent general election: an operator’s license issued by the Wisconsin Department of Transportation (DOT), an identification card issued by DOT, an identification card issued by a U.S. uniformed service, or a U.S. passport; b) a certificate of U.S. naturalization that was issued not earlier than two years before the date of an election at which it is presented; c) an unexpired driving receipt issued by DOT (see below); d) an unexpired identification card receipt issued by DOT; ~~e~~ e) an identification card issued by a federally recognized Indian tribe in this state. A person whose address is confidential as a result of domestic abuse, sexual assault, or stalking or in certain cases a person who has been required by a law enforcement officer to surrender his or her license (see below) is exempted from the requirement. If a person has applied to DOT for a driver’s license or identification card, the person may also present the unexpired driving receipt or identification card receipt (DOT receipt) that DOT issues to the person while the application is processed. Under the substitute amendment, any person who applies for an absentee ballot, except a military or overseas elector, as defined by federal law, or a person whose address is confidential as a result of domestic abuse, sexual assault, or stalking, must also provide proof of identification or a copy thereof unless: 1) the person has already provided a copy of his or her proof of identification in connection with an absentee ballot cast at a previous election and has not changed his or her name or address since that election; 2) the person has been required by a law enforcement officer to surrender his or her license (see below); 3) the person is indefinitely confined, in which case the person may submit a statement signed by the person who witnesses his or her absentee ballot verifying his or her identity; or 4) the person is an occupant of any nursing home, or is an occupant of a community-based residential facility, retirement home, adult family home, or residential care apartment complex where a municipality sends special voting deputies, in which case the person may submit a statement signed by the deputies verifying his or her identity. The substitute amendment continues current requirements for certain electors to verify residence in order to register or to vote, but discontinues the use of corroborating electors to verify residence. If a person receives a citation from a law enforcement officer in any jurisdiction that is dated within 60 days of the date of an election and is required to surrender his or her Wisconsin driver’s license at the time the citation is issued, the elector may present an original copy of the citation or notice of intent to revoke or suspend the elector’s driver’s license in lieu of his or her driver’s license or, if the elector is voting an absentee ballot by mail, may enclose a copy of the citation or notice in lieu of a copy of his or her driver’s license. In this case, the substitute

amendment provides that the elector's ballot is received and counted if otherwise valid, but the ballot is marked so it can be identified during the canvassing and recount process if the validity of the ballot is questioned. Under the substitute amendment, if a person who votes at a polling place fails to provide proof of identification, the person may vote provisionally. If a person votes by absentee ballot and fails to provide proof of identification or a copy thereof, unless exempted from the requirement, the ballot is treated as a provisional ballot. A provisional ballot is marked by the poll workers, who immediately contact the municipal clerk or board of election commissioners. The person may then provide the required proof of identification either at the polling place before the closing hour or at the office of the clerk or board. If the person does not provide the required identification to the clerk or board by 4 p.m. on the Friday following the election, the person's vote is not counted.

The substitute amendment also directs GAB, in conjunction with the first regularly scheduled primary and election at which the voter identification requirements created by the substitute amendment initially apply, to conduct a public informational campaign for the purpose of informing prospective voters of the voter identification requirements created by the substitute amendment. In addition, the substitute amendment directs the board to conduct an ongoing outreach effort to identify and contact groups of electors who may need assistance in obtaining or renewing documents that constitute proof of identification for voting purposes and to provide assistance in obtaining or renewing those documents.

The voting identification requirement under the substitute amendment initially applies to voting at the 2012 spring primary. The substitute amendment also provides that an elector who votes at a polling place at an election held after the substitute amendment becomes law but before the date of the 2012 spring primary shall be requested to present proof of identification but if the elector fails to do so, his or her ballot will still be counted if the elector is otherwise qualified. The substitute amendment directs election officials to provide information to electors who do not present proof of identification at elections held prior to the date of the 2012 spring primary so that the electors will be prepared to provide proof of identification at future elections.

Issuance of operator's licenses and identification cards

This substitute amendment also permits an elector who is eligible to obtain a Wisconsin identification card to obtain the card from DOT free of charge if the elector is a U.S. citizen who will be at least 18 years of age on the date of the next election and the elector requests that the card be provided without charge for purposes of voting.

Under 2007 Wisconsin Act 20 (the biennial budget act), certain provisions specified in the federal REAL ID Act are incorporated into state law when DOT provides notice that it is ready to implement the federal REAL ID Act. Among these provisions is the requirement that DOT follow certain procedures in processing applications for driver's licenses and identification cards and that each driver's license and identification card include a photograph.

This substitute amendment allows DOT, upon the implementation of the federal REAL ID Act in Wisconsin, to process applications for driver's licenses and identification cards in a manner other than that required by REAL ID if the driver's licenses and identification cards are marked to indicate that they are not REAL ID compliant and DOT processes the applications in compliance with DOT practices and procedures applicable immediately prior to implementation of REAL ID. An applicant for a REAL ID noncompliant driver's license or identification card will still be required to provide to DOT: 1) an identification document that includes either the applicant's photograph or both the applicant's full legal name and date of birth; 2) documentation showing the applicant's date of birth, which may be the same as item 1); 3) proof of the applicant's social security number or verification that the applicant is not eligible for a social security number; 4) documentation showing the applicant's name and address of principal residence; and 5) documentary proof that the applicant is a U.S. citizen or is otherwise lawfully present in the United States. However, in processing an application for a REAL ID noncompliant driver's license or identification card, DOT is not required to meet the standards for document retention and verification that are imposed for REAL ID compliant products.

Current law provides for limited exceptions allowing DOT to issue a driver's license that does not contain a photograph of the license holder, including, by DOT rule, a religious belief exception. There are no similar photograph exceptions under current law for identification cards. Under current law, after the implementation of REAL ID, all REAL ID compliant driver's licenses and identification cards must contain a photograph.

Under this substitute amendment, until the implementation of the federal REAL ID Act, the photograph exception for driver's licenses continues and a new religious belief photograph exception is created for identification cards. After the implementation of REAL ID, this substitute amendment creates a religious belief photograph exception for REAL ID noncompliant driver's licenses and identification cards.

Date of September primary

This substitute amendment changes the date of the September primary from the 2nd Tuesday in September to the 2nd Tuesday in August and renames it to be the "Partisan Primary". The substitute amendment also changes the dates of related election events to accommodate the change in the date of the primary.

Signature requirement for electors voting in person

This substitute amendment provides, with limited exceptions, that an elector must also enter his or her signature on the poll list or other separate list when voting in person at a polling place at an election. Under the substitute amendment, the election officials must require each elector to enter his or her signature on the poll list or other separate list before being permitted to vote. If an elector registers at a polling place on election day, the officials must require the elector to enter the elector's signature on a separate list. The substitute amendment also provides that if an elector, due to physical disability, authorized another elector to sign his or her registration form on his or her behalf, the elector is exempt from the signature requirement. In addition, if an elector signed his or her registration form but claims

to be unable, due to physical disability, to enter his or her signature on the poll list or other separate list when voting at a particular election, the substitute amendment permits the election officials to waive the signature requirement if they find that, due to physical disability, the elector is unable to enter his or her signature. Under the substitute amendment, the signature requirement initially applies beginning with the 2012 spring primary.

Durational residency requirement for voting

Under current law, with certain limited exceptions, an individual must be a resident of this state and of the municipality and ward, if any, where the elector is voting for ten days before an election to be eligible to vote in the election. This substitute amendment increases this durational residency requirement to 28 consecutive days. Under the substitute amendment, if an elector who does not meet this residency requirement formerly resided at another location in this state within the 27-day period preceding an election, the elector may vote at that location if the elector is otherwise qualified to vote at that location. Under the substitute amendment, the residency requirement initially applies beginning with the 2012 spring primary.

Voting a straight party ticket

Under current law, at the general election, an elector may vote a straight party ticket for the candidates of any political party that has a separate ballot or column on the ballot.

This substitute amendment eliminates the authority for any elector, other than an overseas or military elector, to vote a straight party ticket. Under federal law, an overseas or military elector may vote a straight party ticket on a write-in absentee ballot for national offices. The substitute amendment first applies with respect to the 2012 general election.

Late registration and absentee voting in person

Currently, the deadline for late registration for an election in person at the office of a municipal clerk or board of election commissioners is 5 p.m. or the close of business, whichever is later, on the day before the election. The deadline for absentee voting in person at the office of a municipal clerk or board of election commissioners is 5 p.m. on the day before the election. This substitute amendment changes the deadline for late registration in person to 5 p.m. or the close of business, whichever is later, on the Friday before the election. The substitute amendment also provides that an elector may vote an absentee ballot in person only during the period beginning with opening of business on the 2nd Monday preceding an election and ending at 5 p.m. or the close of business, whichever is later, on the Friday preceding an election. The changes are effective for elections held on or after the first day of the 2nd month beginning after publication.

Qualification for absentee ballots

~~Under current law, any qualified elector who for any reason is unable or unwilling to vote at a polling place may vote absentee.~~

~~This substitute amendment permits a qualified elector to obtain an absentee ballot only if the elector will be absent from the municipality in which he or she is~~

qualified to vote on election day or cannot appear at the appropriate polling place because of age, sickness, handicap, physical disability, employment, jury duty, service as an election official, attendance at a college or university, enrollment in a study program abroad, or religious reasons or because the elector changed his or her residence within this state during the last 27 days before an election. Under the substitute amendment, no elector under the age of 70 may qualify to obtain an absentee ballot solely because of age.

Absentee voting in residential care apartment complexes and adult family homes

Currently, municipalities must send two special voting deputies (one designated by each major political party if the party wishes) to conduct absentee voting in nursing homes. Municipalities may also send the deputies to conduct absentee voting in community-based residential facilities and retirement homes that qualify for the service in accordance with standards prescribed by law. This substitute amendment permits municipal clerks and boards of election commissioners to send two special voting deputies to conduct absentee voting in adult family homes and residential care apartment complexes that qualify for the service in accordance with similar standards prescribed by law.

Currently, with limited exceptions, an elector must be registered in order to vote in an election in this state. In order to register, an elector must provide certain information on a registration form and affirm the correctness of the information with his or her signature. If an elector is unable, due to physical disability, to sign his or her registration form, the elector may have another person sign on his or her behalf. An elector who has not previously registered may register at the polling place serving his or her residence on election day. Currently, when appearing to vote, an elector must provide his or her name and address to the election officials and in some cases must also provide proof of residence. Currently, an absentee elector may vote by mail or at the office of the municipal clerk of the municipality where he or she resides. The names of registered electors are checked against a poll list consisting of the names of registered electors and the names of other electors are entered on a separate list.

Other absentee voting changes

The substitute amendment also makes other various changes in the laws pertaining to absentee voting. Most of the changes relate to absentee voting by military and overseas electors of this state. State law contains different definitions of the terms "military elector" and "overseas elector." One set of definitions mirrors the definitions found in federal law. Under federal law, a "military elector" includes: 1) a member of a uniformed service on active duty who, by reason of that duty, is absent from the residence where the member is otherwise qualified to vote; 2) a member of the merchant marine who, by reason of service in the merchant marine, is absent from the residence where the member is otherwise qualified to vote; and 3) the spouse or dependent of any such member who, by reason of the duty or service of the member, is absent from the residence where the person is otherwise qualified to vote. The federal definition of "overseas elector" includes an elector who resides outside the United States and who is qualified under federal law to vote in elections for national office in this state because the elector last resided in this state

immediately prior to the elector's departure from the United States. The other set of definitions applies for certain state purposes and includes all the persons who are included in the federal definitions but also includes other persons. The state definition of the term "military elector" includes: 1) members of a uniformed service who are not on active duty or who are not absent from their residences by reason of their service or both; 2) members of the merchant marine who are not absent from their residences; 3) civilian employees of the United States and civilians officially attached to a uniformed service who are serving outside the United States; 4) Peace Corps volunteers; and 5) spouses and dependents of these persons who are residing with or accompanying them. The state definition of "overseas elector" includes children of persons who qualify as overseas electors under federal law who are U.S. citizens at least 18 years of age, who are not disqualified from voting in this state, and who are not residents of this state. Significant provisions of the substitute amendment include:

1. Under current law, any qualified absentee elector may request an absentee ballot by means of electronic mail or facsimile transmission. If an elector so requests, the elector must mail with his or her voted absentee ballot a copy of an absentee ballot application containing his or her original signature. In addition, an absentee elector may request that his or her absentee ballot be transmitted to him or her by electronic mail or facsimile transmission and a municipal clerk or board of election commissioners may transmit the ballot as requested. This substitute amendment provides that the municipal clerk or board of election commissioners must transmit the ballot if the clerk or board receives a valid request.

2. Current law permits a military or overseas elector, as defined in state law, to cast a vote in any general election in which a federal office is to be filled by writing in the name of a candidate on a blank absentee ballot form prescribed by the U.S. government and returning the ballot to the appropriate municipal clerk or board of election commissioners. This substitute amendment permits a military elector, as defined by state law, to cast such a ballot at any election, including any primary election, at which a federal, state, or local office is to be filled and permits an overseas elector, as defined by state law, to cast such a ballot at any election, including any primary election, at which a federal office is to be filled.

3. This substitute amendment directs the Government Accountability Board (GAB), with the assistance of county and municipal clerks and boards of election commissioners, to designate at least one freely accessible means of electronic communication which shall be used to: 1) permit a military or overseas elector, as defined by federal law, to request a voter registration or absentee ballot application and to indicate whether he or she wishes to receive the application electronically or by mail; and 2) permit a municipal clerk or board of election commissioners to transmit an application to a military or overseas elector, as defined by federal law, electronically or by mail, as requested by the elector, together with related voting, balloting and election information. The substitute amendment also directs GAB, with the assistance of county and municipal clerks and boards of elections commissioners, to maintain a freely accessible system whereby a military or overseas elector, as defined by federal law, who casts an absentee ballot may

ascertain whether the ballot has been received by the appropriate municipal clerk or board. No similar provisions exist currently.

4. Currently, an absentee ballot cast by an elector is void unless it is received at the polling place for the elector's residence by 8 p.m. on election night. However, state law provides that if an elector is a military elector, as defined by federal law, the elector has an additional ten days after the general election and seven days after the September primary for the elector's ballot to be received by his or her municipality if the ballot is postmarked by election day. This substitute amendment extends a similar ten-day dispensation to military electors, as defined by federal law, who are voting in the presidential preference primary or a special federal election.

5. Currently, an elector who is a military elector, as defined by state law, or an overseas elector, as defined by state law, and who applies for an absentee ballot no later than 30 days before an election may cast a blank write-in ballot at that election in lieu of the official printed ballot, for any candidates for federal office whose offices are contested at that election. The ballot is valid only if it is submitted from a location outside the United States. This substitute amendment permits such an elector to cast a blank write-in absentee ballot after official printed ballots become available if he or she applies for an absentee ballot no later than the latest time permitted for application for an absentee ballot under state law. The substitute amendment also permits a military elector to cast such a ballot even if the ballot is submitted from a location inside the United States, including the elector's permanent residence.

6. Currently, GAB must prescribe uniform instructions for absentee voters. This substitute amendment provides that the instructions must include the specific means of electronic communication that absentee voters may use to file an application for an absentee ballot, to request a voter registration form, or to change their registrations.

Appointment of special registration deputies

Currently, GAB or the municipal clerk or board of election commissioners of any municipality may appoint special registration deputies to assist qualified electors in completing their voter registration forms prior to the close of registration at locations other than the office of GAB, the office of a municipal clerk or board of election commissioners, or a polling place. Registration forms that are obtained by a special registration deputy are treated in the same manner as registration forms that are received by mail. Any qualified elector of this state may qualify to serve as a special registration deputy. A deputy who is appointed by a municipality may register any qualified elector of the municipality and a deputy who is appointed by the board may register any qualified elector of this state. GAB or a municipal clerk or board of election commissioners may revoke the appointment of an individual for cause, and no individual whose appointment is revoked is eligible for reappointment. This substitute amendment discontinues appointment and revocation of special registration deputies by GAB.

Proof of residence by students

Currently, certain electors are required to present proof of residence when voting in an election. In order to be valid, any document submitted as proof of residence must contain the current and complete residential address of the

document holder, except that the law permits a university, college, or technical college fee or identification card that contains a photograph of the cardholder to be used as proof of residence even if the document does not contain an address if the university, college, or technical college, that issued the card provides a list of students who reside in housing sponsored by the university, college, or technical college to the municipal clerk or board of election commissioners together with the addresses of the students. This substitute amendment deletes this exception, effective for elections held in 2015, thereby requiring students to use an identification card that contains a current and complete residential address or to present some other form of proof of residence authorized by law. In addition, effective for elections held on the day that the substitute amendment becomes law, the substitute amendment deletes the option of using a fee card alone as proof of residence and provides that a student who uses an identification card as proof of residence must present both the identification card and a fee payment receipt that contains the name of the person to whom it was issued and that is dated not earlier than nine months before the date of the election at which the receipt is presented.

Voter registration information

This substitute amendment requires an elector who registers to vote on or after the day the substitute amendment becomes law to provide, in addition to his or her current residence location as presently required, the location of his or her previous residence immediately before moving to his or her current residence location.

Voting residence

Currently, the voting residence of a person is the place where the person's habitation is fixed, without any present intent to move, and to which, when absent, the person intends to return, as evidenced by the person's actions, if any. This substitute amendment creates examples of factors that may be considered in determining voting residence, including business pursuits, employment, income sources, residence for income or other tax purposes, residence of parents or any spouse or children, locations of real or personal property, location of any homestead for which an income tax credit is elected, and motor vehicle registrations.

Access to voter registration list

Currently, the statewide voter registration list is open to public inspection. However, only authorized election officials may view certain personal information in the list. This substitute amendment permits a municipal clerk or board of election commissioners to provide a law enforcement agency of the federal government or any state or local government with access to this personal information to be used for law enforcement purposes. The substitute amendment also permits GAB to provide this personal information to a subunit of the state government of another state to be used for official purposes.

Assisting electors in voting

Currently, an elector who cannot read or write or has difficulty reading, writing, or understanding English or due to a disability is unable to mark a ballot may be assisted by another elector of his or her choice, with certain exceptions. The assistant must certify on the back of the assisted elector's ballot that it was marked with his

or her assistance. The election officials must also enter the name and address of the assisting elector on the poll list. This substitute amendment deletes the requirement for an assisting elector to make a certification.

Revision of registration list

Currently, municipal clerks and boards of election commissioners must enter registration changes received on the date of an election in the statewide voter registration system within 30 days after the date of that election. This substitute amendment permits these updates to be entered within 45 days after a general (November) election and also permits the legal counsel of GAB, upon request of a clerk or board, to permit the clerk or board to enter changes received on the date of the general election within 60 days after the date of that election.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
