Subject: Amendment Request for AB 7

Hi Arron,

Rep. Clark would really appreciate it if you could please draft an amendment to substitute amendment 2 to AB 7 that accomplishes the following:

Delay the initial applicability of the bill until the secretary of the Department of Transportation makes a finding, to be published in the administrative register, that local road funding programs are fully funded for the then-current fiscal year. A program would be considered fully funded if the funding level is equal to or greater than the average funding level for that program over the previous 5 fiscal years.

Thank you very much for your assistance in the matter. Please do not hesitate to contact me if you have any questions at 6-7746.
