## 2011 SENATE BILL 136

June 27, 2011 - Introduced by Senators SCHULTZ, GROTHMAN and OLSEN, cosponsored by Representatives STEINEKE, RIVARD, BIES, KERKMAN, MOLEPSKE JR, NASS, A. OTT, STASKUNAS and KRUG. Referred to Committee on Energy, Biotechnology, and Consumer Protection.

1    **AN ACT** *to amend* chapter 709 (title), 709.01 (1), 709.02 (1), 709.02 (2) (intro.),  
2           709.03 (intro.) and 709.07; and *to create* 709.001 and 709.033 of the statutes;  
3           **relating to:** a disclosure report for sellers of vacant land.

### *Analysis by the Legislative Reference Bureau*

Under current law, with certain exceptions, owners selling certain residential real property must give prospective buyers a form, known as the real estate condition report, on which the owner discloses certain conditions of the real property of which the owner is aware. The property to which the report applies is property that includes one to four dwelling units and that has been inhabited. A dwelling unit is defined as a structure or part of a structure that is used as a home or residence or sleeping place by one person or by two or more persons maintaining a common household. The report must be given to a prospective buyer no later than ten days after the seller has accepted an offer to purchase, creating a contract of sale. A prospective buyer may rescind a contract of sale if he or she does not receive a report within the specified time or if he or she timely receives a report but it is incomplete or discloses a defect of which the buyer was not aware.

This bill creates a vacant land disclosure report, similar to the real estate condition report, on which the owner of the property must disclose certain conditions of the property of which the owner is aware. For example, the owner must disclose whether he or she is aware of underground storage tanks on the property; of any planned public improvements that may result in special assessments; of any significant odor, noise, water intrusion, or other irritants coming from neighboring

24 10-day period, rescind the contract of sale or option contract by delivering a written  
25 notice of rescission to the owner or to the owner's agent.

D. 1. Use-Value Assessments. The use-value assessment system values agricultural land based on the income that would be generated from its rental for agricultural use rather than its fair market value. When a person converts agricultural land to a nonagricultural use, such as residential or commercial development, that person may owe a conversion charge. To obtain more information about the use-value law or conversion charge, contact the Wisconsin Department of Revenue's (DOR's) equalization section at (608) 266-2149 or visit: <http://www.revenue.wi.gov/faqs/slf/useassmt.html>.

D. 2m. Managed Forest Land. The managed forest land program is a landowner incentive program that encourages sustainable forestry on private woodlands by exempting the landowner from the payment of property taxes in exchange for the payment of a lower acreage share payment and compliance with certain conservation practices. Orders designating lands as managed forest lands remain in effect for 25 or 50 years. When ownership of land enrolled in the managed forest land program changes, the new owner must sign and file a report of the change of ownership on a form provided by the Wisconsin Department of Natural Resources (DNR) and pay a fee. By filing this form, the new owner agrees to comply with the management plan for the land and the managed forest land program rules. The DNR Division of Forestry monitors forest management plan compliance. Changes that a landowner makes to property that is subject to an order designating it as managed forest land, or to its use, may jeopardize benefits under the program or cause the property to be withdrawn from the program and may result in the assessment of penalties. For more information, call your local DNR forester or visit <http://dnr.wi.gov/forestry>.
