8 281.36 (3g) (g) *Public informational hearing.* 1. The department shall provide
9 an opportunity for any interested state agency or federal agency or person or group
10 of persons to request a public informational hearing with respect to the department's
11 intention to issue, renew, modify, or revoke a wetland general permit under this
12 subsection. The request for the hearing shall be filed with the department within 30
13 days after the provision of the public notice under par. (f) and shall indicate the
14 interest of the party filing the request and the reasons why the hearing is warranted.

15 2. The department shall hold a public informational hearing upon a request
16 under subd. 1. if the department determines that there is a significant public interest
17 in holding such a hearing. Hearings held under this subsection are not contested
18 cases under s. 227.01 (3).

19 3. Public notice of any hearing held under this subsection shall be circulated
20 in accordance with the requirements under par. (f). The public notice shall include
21 the time, date, and location of the hearing, a summary of the subject matter of the

24 summary shall contain a brief, precise, easily understandable, plain language
25 description of the subject matter of the general permit.

1 **SECTION 82.** 281.36 (3g) (h) of the statutes is created to read:

2 281.36 (3g) (h) *Authorizations for discharges under wetland general permits.*

3 1. A person wishing to proceed with a discharge that may be authorized under a
4 wetland general permit shall apply to the department, with written notification of
5 the person's wish to proceed, not less than 30 days before commencing the discharge
6 authorized by the general permit unless subd. 4. applies. The application shall
7 provide information describing the discharge in order to allow the department to
8 determine whether the discharge is authorized by the wetland general permit and
9 shall give the department consent to enter and inspect the site, subject to sub. (9).

10 The application shall identify all activities affecting wetlands that will be conducted
11 as part of the ~~total~~ ^{single and complete} project. The application shall include a detailed explanation of
12 why the impact to the wetland cannot be avoided and how the impact to the wetland
13 will be minimized to the greatest extent practicable. The application shall be
14 accompanied by the fee specified in sub. (12) (a). If the application is for
15 authorization to proceed under a wetland general permit that is issued under sub.
16 (3g) (a) 4., 5., or 6., the application shall be accompanied by a surcharge fee, as
17 calculated under sub. (11). The department may make a request for additional
18 information one time during this 30-day period.

19 2. If, within 30 days after an application under subd. 1. is received by the
20 department, the department does not either request additional information or
21 inform the applicant that a wetland individual permit will be required as provided
22 in par. (i), the discharge shall be considered to be authorized under the wetland
23 general permit and the applicant may proceed without further notice, hearing,
24 permit, or approval if the discharge is carried out in compliance with all of the
25 conditions of the general permit.

INS 18-25

1 3. If the department requests additional information under subd. 1., the
2 30-day period is tolled from the date the person applying for authorization to proceed
3 receives the request until the date on which the department receives all of the
4 additional information.

5 4. As part of a wetland general permit issued under par. (b) or (c), the
6 department may waive the requirement that a person wishing to proceed under the
7 general permit apply to the department as required under this paragraph so that the
8 person may proceed with the discharge without specific authorization from the
9 department.

10 5. Authorization to proceed under a wetland general permit is valid for 5 years
11 after the date on which the discharge is considered to be authorized. INS 19-11

12 **SECTION 83.** 281.36 (3g) (i) of the statutes is created to read:

13 281.36 (3g) (i) *Wetland individual permit in lieu of wetland general permit.* For
14 a proposed discharge for which an application has been received by the department
15 under par. (h), the department may decide to require that a person who submitted
16 the application apply for a wetland individual permit if the department has
17 inspected the site as provided in par. (h) and has determined that conditions specific
18 to the site require additional restrictions on the discharge in order to provide
19 reasonable assurance that no significant adverse impacts to wetland functional
20 values will occur.

21 **SECTION 84.** 281.36 (3m) of the statutes is created to read:

22 281.36 (3m) **WETLAND INDIVIDUAL PERMITS.** (a) *When permit required.* Any
23 person wishing to proceed with a discharge into any wetland shall submit an
24 application for a wetland individual permit under this subsection unless the
25 discharge has been authorized under a wetland general permit as provided in sub.

1 (3g) or is exempt under sub. (4). The department shall hold a preapplication meeting
2 with the potential applicants to discuss the details of the proposed discharge and the
3 requirements for submitting the application and for delineating the wetland. As part
4 of the preapplication meeting, the department shall identify and establish the scope
5 of the analysis of practicable alternatives that will be required. An applicant may
6 include in the application a request for a public informational hearing. The
7 application shall be accompanied by the applicable fee specified in sub. (11) or (12)
8 (a).

9 (b) *Analysis of practicable alternatives.* An applicant shall include in an
10 application submitted under par. (a) a proposed analysis explaining the practicable
11 alternatives that were considered to first avoid and then minimize the adverse
12 impacts of the discharge on wetland functional values and that will not result in any
13 other significant adverse environmental consequences. The application shall also
14 include a description of the proposed mitigation method as required under sub. (3r).

15 (c) *Review; no additional information required.* In issuing wetland individual
16 permits under this section, the department shall review an application, and within
17 30 days after the application is submitted, the department shall determine that
18 either the application is complete or that additional information is needed. If the
19 department determines that the application is complete, the department shall notify
20 the applicant in writing of that fact within the 30-day period, and the date on which
21 the notice under this paragraph is sent shall be considered the date of closure for
22 purposes of par. (g) 1.

23 (d) *Additional information requested.* If the department determines that the
24 application is incomplete, the department shall notify the applicant in writing and
25 may make only one request for additional information during the 30-day period

1 specified in par. (c). Within 10 days after receiving all of the requested information
2 from the applicant, the department shall notify the applicant in writing as to
3 whether the application is complete. The date on which the 2nd notice under this
4 paragraph is sent shall be set as the date of closure for purposes of par. (g) 1. The
5 department may request additional information from the applicant to supplement
6 the application, but the department may not request items of information that are
7 outside the scope of the original request unless the applicant and the department
8 both agree. A request for any such additional information may not affect the date
9 of closure.

10 (e) *Specificity of notice; limits on information.* Any notice stating that an
11 application has been determined to be incomplete or any other request for
12 information that is sent under par. (d) shall state the reason for the determination
13 or request and the specific items of information that are still needed.

14 (f) *Failure to meet time limits.* If the department fails to meet the 30-day time
15 limit under par. (c) or 10-day time limit under par. (d), the application shall be
16 considered to have a date of closure that is the last day of that 30-day or 10-day time
17 period for purposes of par. (g) 1.

18 (g) *Notice of application.* 1. Within 15 days after the date of closure, as
19 determined under par. (c) or (d), the department shall provide notice of pending
20 application to interested members of the public. If the applicant has requested a
21 public informational hearing as part of the submitted application, a notice of the
22 public hearing shall be part of the notice of pending application.

23 2. If the notice of pending application does not contain a notice of public
24 informational hearing, any person may request a public informational hearing in
25 writing or the department may decide to hold a public informational hearing with

1 or without a request being submitted if the department determines that there is a
2 significant public interest in holding a hearing.

3 (h) *Request for hearing.* A request for a public informational hearing under par.
4 (g) 2. must be submitted to the department or the department's decision to hold a
5 public informational hearing must occur within 20 days after the department
6 provides the notice of pending application. The department shall provide notice of
7 public informational hearing within 15 days after the request for the public hearing
8 is submitted or the department makes its decision to hold a public informational
9 hearing.

10 (i) *Decision.* Within 20 days after the period for public comment under par. (j)
11 has ended or if no public informational hearing is held, within 30 days after the
12 30-day comment period under par. (j) has ended, the department shall render a
13 decision issuing or denying the wetland individual permit that is the subject of the
14 application submitted under par. (a). If the decision issued by the department under
15 this paragraph is a denial, the department shall include in the decision the specific
16 grounds and reasons as to how the applicable provisions of this section were not met.
17 If the denial is based on an incomplete application, the department shall inform the
18 applicant of the areas of the application that were incomplete.

19 (j) *Public comment.* 1. The department shall provide a period for public
20 comment after the department has provided a notice of pending application under
21 par. (g) during which time any person may submit written comments with respect
22 to the application for a wetland individual permit. The department shall retain all
23 of the written comments submitted during this period and shall consider all of the
24 comments in rendering a decision on the application. The period for public comment

1 shall end on the 30th day following the date on which the department provides the
2 notice of pending application except as provided in subd. 2.

3 2. If a public informational hearing is held, the period for public comment shall
4 end on the 10th day following the date on which the hearing is completed.

5 **SECTION 85.** 281.36 (3n) of the statutes is created to read:

6 281.36 (3n) REVIEW BY DEPARTMENT. (a) *Review limits.* For the purpose of
7 issuing a wetland individual permit, during the period between the date on which
8 the application under sub. (3m) (a) is submitted and the date on which a decision
9 under sub. (3m) (i) is rendered, the department shall conduct its review under this
10 subsection. The department shall review the analysis of practicable alternatives
11 presented in the application under sub. (3m) (b). The department shall limit the
12 scope of the practicable alternatives that will be considered and shall determine
13 which possible alternatives are practicable in a manner that is consistent with the
14 memorandum of understanding entered into between the U.S. environmental
15 protection agency and the U.S. army corps of engineers relating to the level of
16 analysis required for evaluating compliance with 1333 USC 1344b that is in effect
17 on the effective date of this paragraph ... [LRB inserts date]. In order for an
18 alternative that would be implemented at a site that is not owned by the applicant
19 at the time the application is submitted and that would be located more than
20 one-half mile from the discharge to be considered practicable, the applicant must be
21 reasonably able to acquire, expand into, or otherwise manage the site in a manner
22 that will fulfill the basic purpose of the proposed discharge or the proposed project
23 of which the proposed discharge would be a part. The department also shall limit its
24 review to those practicable alternatives that are located at the site of the discharge
25 and that are located adjacent to that site if the applicant has demonstrated that the

1 proposed project is necessary for the expansion of an existing industrial, commercial,
2 or agricultural facility that is in existence at the time the application is submitted,
3 or that the proposed project will occur in an industrial park that is in existence at the
4 time the application is submitted.

5 (am) *Standards for issuing permits.* The department shall make a finding that
6 a proposed project causing a discharge is in compliance with water quality standards
7 and that a wetland individual permit may be issued if the department determines
8 that all of the following requirements are met:

9 1. The proposed project represents the least environmentally damaging
10 practicable alternative taking into consideration practicable alternatives that avoid
11 wetland impacts.

12 2. All practicable measures to minimize the adverse impacts to wetland
13 functional values will be taken.

14 3. The proposed project will not result in significant adverse impact to wetland
15 functional values, in significant adverse impact to water quality, or in other
16 significant adverse environmental consequences.

17 (b) *Factors to be used.* In making a determination that the requirement under
18 par. (am) 3. is met, the department shall consider all of the following factors:

19 1. The direct impacts of the proposed project to wetland functional values.

20 2. The cumulative impacts attributable to the proposed project that may occur
21 to wetland functional values based on past impacts or reasonably anticipated
22 impacts caused by similar projects in the area affected by the project.

23 3. Potential secondary impacts of the proposed project to wetland functional
24 values.

1 4m. The impact that any mitigation required under sub. (3r) will cause to the
2 functional values of the wetlands that are located in the watershed in which the
3 discharge will occur.

4 5m. The net positive or negative environmental impact of the proposed project
5 on the watershed in which the discharge will occur.

6 6. Whether there will be more than a minimal impact from the proposed project
7 on flood control or wildlife habitat.

8 (d) *Mitigation required.* The department shall require mitigation under the
9 program established under sub. (3r) for wetland individual permits it issues under
10 this subsection. INS 25-10 ✕

11 **SECTION 86.** 281.36 (3p) of the statutes is created to read:

12 281.36 (3p) NOTICE REQUIREMENTS; WETLAND INDIVIDUAL PERMITS. (a) The
13 department shall establish procedures for providing notices of pending applications
14 and notices of public informational hearings to be provided under sub. (3m). The INS 25-14
15 procedures shall require all of the following:

16 1. That the notice be published as a class 1 notice under ch. 985.

17 2. That the notice be ^{provided} ~~mailed~~ to any person or group upon request of the person
18 or group.

19 3. That the notice be published on the department's Internet Web site.

20 (b) The department shall prescribe the form and content of notices of pending
21 applications and notices of public informational hearings to be provided under sub.

22 (3m). INS 25-22 Each notice shall include all of the following information:

23 1. The name and address of the applicant.

24 2. A brief description of the discharge that requires the permit and the project
25 that includes the discharge.

1 3. For a notice of a public informational hearing, the time, date, and location
2 of the hearing.

3 4. For a notice of pending application and a notice of a public informational
4 hearing, a brief, precise, easily understandable, plain-language description of the
5 discharge and information indicating where the pending application may be viewed
6 on the department's Internet Web site.

7 5. For a notice of complete application and a notice of a public informational
8 hearing, a statement of the tentative determination of the department on the permit.

9 6. For a notice of complete application and a notice of public informational
10 hearing, a brief description of the procedures for the formulation of final
11 determinations, including a description of the comment period required under sub.
12 (3m) (j).

13 (c) For the purpose of determining the date on which notice is provided under
14 this subsection, the date of the notice shall be the date on which the department first
15 publishes the notice on its Internet Web site, unless the department delegates to the
16 applicant under par. (d) the requirement to provide notice. If the department
17 delegates to the applicant the requirement to provide notice, the date of the notice
18 shall be the date on which the department first publishes the notice on its Internet
19 Web site or 10 days after the date on which the department receives satisfactory proof
20 of publication of a class 1 notice from the applicant, whichever is later.

21 (d) The department may delegate the department's requirement to provide
22 notice under sub. (3m) in the manner specified in par. (a) 1. and 2. by doing any of
23 the following:

24 1. Requiring that the applicant for the permit provide by publication, mailing,
25 or other distribution one or more of the notices.

1 2. Requiring that the applicant for the permit pay for the publication, mailing,
2 or any other distribution costs of providing one or more of the notices.

3 SECTION 87. 281.36 (3r) of the statutes is created to read:

4 281.36 (3r) MITIGATION; IN LIEU FEE SUBPROGRAM. (a) The department shall
5 establish a mitigation program that applies only to the issuance of wetland
6 individual permits and that allows mitigation to be accomplished by any of the
7 following methods:

- 8 1. Purchasing credits from a mitigation bank located in this state.
- 9 2. Participating in the in lieu fee subprogram, if such a subprogram is
10 established under par. (e).
- 11 3. Completing mitigation within the same watershed or within one-half mile
12 of the site of the discharge.

13 (b) Under the mitigation program, mitigation as specified in par. (a) 1. and
14 participation in the in lieu fee subprogram, if established under par. (a) 2. shall be
15 the preferred types of mitigation.

16 (c) The department shall establish a system of service areas for the mitigation

3 (e) As part of the mitigation program established under par. (a), the department
4 may establish an in lieu fee subprogram, in consultation with the army corps of
5 engineers, under which payments are made to the department or another entity for
6 the purposes of restoring, enhancing, creating, or preserving wetlands or other water

SECTION 281.36 (3q) of the statutes is created to read:

5

281.36 (3q) ADMINISTRATIVE AND JUDICIAL REVIEW. (a) *Definition.* In this

6

subsection, "applicant" means any person applying for a wetland individual permit

7

under this section or any person who has been issued such a permit under this

8

section.

9

(b) *Request for administrative review.* Any interested person may file a petition

10

with the department for administrative review within 30 days after any of the

11

following decisions given by the department:

12

1. The issuance, denial, or modification of any wetland individual permit issued under this section

13

14

2. The imposition of, or failure to impose, a condition on any wetland individual permit issued under this section.

15

16

(c) *Content of the petition.* If the petitioner is not the applicant, the petition

17

shall describe the petitioner's objection to the wetland individual permit and shall

18

contain all of the following:

19

1. A description of the objection that is sufficiently specific to allow the department to determine which provisions of this section may be violated if the proposed discharge under the wetland individual permit is allowed to proceed.

20

21

22

2. A description of the facts supporting the petition that is sufficiently specific

23

to determine how the petitioner believes the discharge, as proposed, may result in

24

a violation of the provisions of this section.

INS
27-2

1 3. A commitment by the petitioner to appear at the administrative hearing and
2 present information supporting the petitioner's objection.

3 (d) *Stays*. 1. The discharge shall be stayed pending an administrative hearing
4 under this subsection if the petition contains a request for the stay showing that a
5 stay is necessary to prevent significant adverse impacts or irreversible harm to the
6 environment.

7 2. If a stay is requested under subd. 1., the stay shall be in effect until either
8 the department denies the request for an administrative hearing or the hearing
9 examiner determines that the stay is not necessary.

10 (e) *Filings*. The petitioner shall file a copy of the petition with the department.
11 If the petitioner is not the applicant, the petitioner shall simultaneously provide a
12 copy of the petition to the applicant. The applicant may file a response to the petition
13 with the department. If the applicant files a response under this paragraph, it shall
14 be filed within 15 days after the petition is filed.

15 (f) *Action on petition*. The department shall grant or deny the petition within
16 30 days after the petition is filed. The failure of the department to dispose of the
17 petition within this 30-day period is a denial. The department shall deny the
18 petition if any of the following applies:

19 1. The petitioner is not the applicant, and the petition does not comply with the
20 requirements of par. (c).

21 2. The objection contained in the petition is not substantive. The department
22 shall determine that an objection is substantive if the supporting facts contained in
23 the objection appear to be substantially true and raise reasonable grounds to believe
24 that the provisions of this section may be violated if the activity or project is
25 undertaken.

INS 27-2

1 3. If the department denies the petition, the department shall send the
2 petitioner the denial in writing, stating the reasons for the denial.

3 4. If the department grants a petition under this subsection, the department
4 shall refer the matter to the division of hearings and appeals in the department of
5 administration within 15 days after granting the petition unless the petitioner and
6 the applicant agree to an extension.

7 (g) *Administrative hearing.* 1. An administrative hearing under this
8 subsection shall be treated as a contested case under ch. 227.

9 2. If a stay under par. (d) 1. is in effect, the hearing examiner shall, within 30
10 days after receipt of the referral under par. (f) 4., determine whether continuation
11 of the stay is necessary to prevent significant adverse impacts or irreversible harm
12 to the environment pending completion of the administrative hearing. The hearing
13 examiner shall make the determination based on the request under par. (d) 1., any
14 response from the applicant under par. (e), and any testimony at a public hearing or
15 any public comments. The determination shall be made without a hearing.

16 3. An administrative hearing under this subsection shall be completed within
17 90 days after receipt of the referral of the petition under par. (f) 4., unless all parties
18 agree to an extension of that period. In addition, a hearing examiner may grant a
19 one-time extension for the completion of the hearing of up to 60 days on the motion
20 of any party and a showing of good cause demonstrating extraordinary
21 circumstances justifying an extension.

22 4. Notwithstanding s. 227.44 (1), the department shall provide a notice of the
23 administrative hearing at least 30 days before the date of the hearing to all of the
24 following:

25 a. The applicant.

INS 27-2

6 decision of the department under par. (b) 1. or 2. may commence an action in circuit
7 court to review that decision.

8 2. Any party aggrieved by a decision of the hearing examiner under par. (g) may
9 commence an action in circuit court to review that decision.
