Hi Peter and Tracy,

Tracy did the 3 amendments attached to SB 237. I want to do the same ones again on the floor today. Maybe you don't even have to do anything for them, I don't know. If not, could you, just send the stripes up to me in the office with the amendments again.

I also want to do one more... and I don't exactly know where it will work into the bill specifically, but basically I want it to be...

If a school district chooses to do an abstinence only curriculum, the curriculum must still include discussion of Human Papilloma Virus and HIV/AIDS in medically accurate terms.

If possible we really need these by 10:30am

Please call if you have any questions.
